

## ROBBERY CLIMAX TO VANDALS' ACTS

Graham High School Building Entered Wednesday Night and Money Stolen from Teachers' Desks

### SCHOOL PROPERTY DAMAGED

Traces of Vandalism Found Several Times in Recent Weeks and Watchman Had Been on Duty

### \$100 REWARD IS OFFERED

It was announced this afternoon that \$100 reward has been offered for evidence which would lead to the apprehension of persons who broke into the Graham high school building Wednesday night and damaged property and stole a sum of money.

The Rushville city school board, the senior and junior classes, the High School Athletic association and the Rushville high school weekly newspaper, joined in contributing to the fund raised to catch the vandals.

Feeling ran high in the high school today against the acts of vandalism of the past few weeks, which culminated in the theft of money last night.

Vandalism, combined with burglary, did several hundred dollars damage Wednesday night at the Graham high school building, according to a discovery made this morning when the building was opened, and found to have been ransacked from top to bottom.

It is the fourth or fifth time within a few weeks that the building has been entered, but the affair last night is the climax, as every desk belonging to the teachers, Superintendent Allman and Principal Butler, were broken into, which indicated that the robbers were after money.

The first few times that the building was entered, only books belonging to pupils were stacked and the pupils' desks ransacked, but as the vandalism continued, the amount of damage increased, and in all the loss will almost reach \$1,000 for the past few weeks.

In the raid last night on the building, indications point to the fact that the robbers had concealed themselves within the building when the doors were open after supper for the night class in millinery. No doors or windows were broken from the outside.

The robbery evidently had a long session within the building because of the extensive amount of damage that was done. The books in the assembly rooms were taken from the (Continued on Page Three)

## DISTRICT PASTORS TO HOLD CONFERENCE HERE

Revival Matters will be Theme For M. E. Ministers at Session With District Superintendent

### LAYMEN ARE ALSO INVITED

Methodist Episcopal church pastors and laymen of the Connersville district, Indiana conference, have been invited to a pastor's practical conference on revival matters, to be held in Rushville Thursday, November 13, by the Rev. John Thomas Seull, district superintendent.

There will be three sessions—10 a. m. and 1:30 p. m. and a dinner session at 6 p. m. There will be no addresses, but just plain talks, it is stated in the announcement going forward to pastors. The best time for revivals, who should conduct them and how they should be organized will be themes for discussion. Some sub-topics under the general subjects are suggested in the announcement for the sessions. Each pastor will be requested to discuss one of these.

Each pastor is urged to invite a committee of laymen from his church to attend the dinner session, when Dr. W. B. Farmer will be present to talk over matter of "Being Square With Our Preachers."

Noon lunch will be served in the basement of St. Paul's church.

## CARRIES FRANKLIN COUNTY

Congressman Elliott has Majority of 256 in Democratic Stronghold

Indications were today, as further returns came in, that Congressman Richard N. Elliott's majority over Lawrence A. Handley, mayor of Richmond, would equal the estimate made Wednesday by George A. Elliott of Newcastle, district chairman. He said the congressman's majority would be between 6,000 and 8,000. Rep. Elliott carried Franklin county, a democratic stronghold, it developed today, by 256 votes. He also had a majority of 180 in Shelby county, which is normally democratic.

## DATE FOR MARKETING SCHOOL IS CHANGED

Will be Held at Court House Room Wednesday, Nov. 12, Instead of Tuesday, Nov. 18

### WALTON PETEET WILL SPEAK

The co-operative marketing school, which was scheduled for Rushville on Tuesday, November 18, has been changed to Wednesday, November 12, according to word received here today by Herschel VanMatre, county agent.

The school will open at 9:30 o'clock in the morning, at the court house assembly room, and will continue all day.

It will be in charge of Walton Peteet, secretary of the National Council of Co-operative Marketing associations, of Chicago, who represents about 600,000 producers.

The principles of co-operative marketing are regarded as sound by leading men in agriculture, it was pointed out by the county agent, and their successful application to local conditions depends upon the use made of them.

A state co-operative marketing school was held recently in Indianapolis and it met with such success that a series of district meetings was arranged for Indiana.

## WILLIAMSTOWN SCENE OF FATAL ACCIDENT

David Cooksey, 60, Killed When Big Four Freight Train Hits His Truck This Morning

### IS BURIED UNDER WRECKAGE

David Cooksey, age 60 years, a truck driver of Williamstown, located in the southern part of Rush county on the Decatur county line, was killed this morning, when the truck that he was driving, loaded with furniture, was driven directly in the path of a southbound freight train on the Big Four railroad.

Cooksey was accompanied by another man, who jumped when he saw the train coming. Cooksey was behind the steering wheel, and did not clear the machine, when the engine struck.

The moving van loaded with the furniture was carried quite a distance down the track, and the victim was buried beneath the wreckage. He died shortly after his body was recovered from the pile of wreckage, and before the arrival of a physician.

The truck was being driven east on the highway that divides the town. Although the accident happened directly on the county line, the locomotive carried his body into Decatur county, where the investigation was being made.

### PLAINFIELD BANK ROBBED

Plainfield, Ind., Nov. 6.—Plainfield and Hendricks county officials today were hunting for three bandits who entered the First National bank here late yesterday, forced three bank employees and two customers into the vault and escaped with \$6,000 in cash. An accurate description of the bandits was furnished authorities.

### STEPS IN FRONT OF AUTO

Bedford, Ind., Nov. 6.—Stepping in front of an auto while on her way to prayer meeting last night, Miss Ruth Jones, 64, was instantly killed. Paul Paber, driver of the car was prostrated.

## AFTER THE BALL IS OVER

## COOLIDGE LEAD GOES TO 210,000

Landslide for Republican Presidential Nominee Exceeds Plurality Rolled up For Harding

### LAFOLLETTE POLLS 65,711

Frederick Schortemeier Leads State Ticket With 130,000 More Votes Than Democratic Opponent

(By United Press)

Indianapolis, Ind., Nov. 6.—With only a few scattering precincts still to be heard from, President Coolidge today had a lead of approximately 210,000 over John W. Davis in Indiana election returns.

Practically complete unofficial returns gave Coolidge 691,912, Davis 482,788, LaFollette 65,711.

The Coolidge landslide exceeded the Harding landslide of four years ago by 25,000. In 1920 Harding received 185,000 more popular votes than Cox.

Ed Jackson, Republican candidate for governor, had received more than 80,000 votes more than Dr. Carleton McCulloch, the Democratic nominee.

With a few precincts still to be heard from, Jackson had 645,248 and McCulloch 561,212.

The entire Republican state ticket, with the exception of Judge Benjamin Willoughby, candidate for the supreme court from the fourth district, had leads ranging from 25,000 to 130,000.

Willoughby, who had strong opposition, had only a small margin over George Denton, Democratic candidate, with about two thirds of the precincts unreported, and the outcome was still in doubt.

Frederick Schortemeier, candidate for secretary of state, received the largest popular vote of any of the state ticket, Schortemeier was approximately 130,000 ahead of the Democratic candidate.

The Republicans secured ten of the thirteen congressional seats and a clear majority in both branches of the state legislature.

Republican candidates in the eight districts won in the election two years ago were successful, and in addition the G. O. P. candidates in the first districts.

In the second district the race was close but Representative Arthur Greenwood, of Washington, won out over John E. Sedwick, of Martinsville, his Republican opponent.

The house of representatives of the state legislature, according to (Continued on Page Two)

### Interest is Glued Today On "Old Home Town" Election

Rush county interest was glued today on the outcome of "The Old Home Town" election, in which Otey Walker, Sheriff Burkett and Ed Wuzler are putting on a three-cornered fight for sheriff. Otey Walker, who resigned as town marshal in order to be unhampered in his campaign for the higher office, was thought to have the inside track, and he forged in the lead today.

Many calls have been received at the Daily Republican office for advance information regarding the outcome of "The Old Home Town" election, but it has been refused, because a number of wagers have been placed on the race, returns are slow coming in, due to bad roads, and it is possible that it will not be known for a few days on whose head victory will perch.

## NOT ALL TO TAKE OFFICE JANUARY 1

Three County Officers Elected Tuesday Will Not Assume Duties Until 1926

### BOTH CORONER AND SHERIFF

Incumbents Have Another Year of Terms to Serve—One Commissioner is a Holdover

Not all county officers elected Tuesday will take office the first of next year. Three present county officers will not retire until the end of December 1925, but all other officers will assume their duties January 1 of next year.

Joseph H. Pike of Richland township, elected on the Democratic ticket as commissioner from the southern district, will not take his place on the board until a year from next January, and Harry Gosnell's term will not expire until that time.

Commissioners are elected for three-year terms and Mr. Gosnell, the incumbent, will not complete his second term until the last day of next year.

Harry Leisure, democrat, however, will succeed George H. Bell, whom he defeated for re-election, as commissioner from the northern district, the first of next year. Jesse Winkler, the other member of the board, is (Continued on Page Two)

## WINS MAJORITY IN THE NATION

Unofficial Returns Almost Complete Show Coolidge Vote Will Exceed Combined Vote of Opponents

### EXPECTED TO RUN 2000 AHEAD

Popular Vote put at 15,500,000 For Coolidge, 8,500,000 for Davis And 4,200,000 for LaFollette

(By United Press)

New York, Nov. 6.—On the basis of unofficial returns now almost complete, Calvin Coolidge not only will have a sweeping majority in the electoral college for president, but his popularity will exceed by approximately 2,000 the combined total credited his opponents.

The gradual completion of vote counting in distant states and outlying precincts, confirmed the prediction, the final standings of the candidates in the electoral college will be Coolidge 379; Davis 139; LaFollette 13.

While no state has yet announced the official tabulation of its complete vote, the unofficial returns forecast the popular vote as follows: Coolidge 15,500,000; Davis 8,500,000; LaFollette 4,200,000.

The crushing blow dealt the LaFollette progressives throughout the nation will bring into power an entire new regime in Washington.

New legislative leaders, possibly new cabinet members, and new dominating influences are to be set up to take the place of the old.

But instead of destroying the self-designated "progressive movement" of LaFollette, it will only serve to draw its lines more clearly and his group will endeavor to set themselves up as the opposition "party" to the administration in the hope that four years from now they will solidify most of the opposition to the Republicans.

A new movement that polls five million must be reckoned with, political leaders believe. The majority held by President Coolidge, however, cannot be seriously challenged, re-tabulation of the outcome shows today, LaFollette even lost his balance of power and his strength was diminished.

In Massachusetts Senator David I. Walsh, Democrat, who is most often listed as a progressive went down of defeat before Frederick H. Gillette who so closely coincides with the Coolidge opinion that he is now being talked of as new leader of the senate.

Then in Minnesota Senator Man- (Continued on Page Six)

## SENATOR LODGE IS DYING

May Linger in Present Condition for Days Following Stroke

Cambridge, Mass., Nov. 6.—Henry Cabot Lodge, 74, senior senator from Massachusetts is dying here at Charlesgate Hospital.

Senator Lodge suffered a paralytic stroke at noon yesterday and has been unconscious ever since with death expected momentarily. Dr. John H. Cunningham, attending physician, said the senator was sinking rapidly and that his condition was "very grave."

At two o'clock Dr. Cunningham in an informal talk with newspaper men stated that Senator Lodge's condition was unchanged. He added that the distinguished patient might linger in his present condition for days. An official bulletin will be issued at six p. m.

## BARN, GRAIN, HORSES, IMPLEMENTS BURNED

Loss on Greeley P. Mauzy Farm, North of Rushville, Mounts to Several Thousand Dollars

### FIRE GAINS RAPID HEADWAY

A large barn on the Greeley P. Mauzy farm, four miles north of Rushville, was destroyed by fire Wednesday night shortly after nine o'clock, and included in the loss was two valuable horses, grain and implements, which is expected to make the loss reach several thousand dollars.

The origin of the blaze could not be determined, as the barn was practically ready to collapse when the flames were first discovered. Alvin Lawson is the tenant on the farm, and his house was close to the burning barn, and was threatened for a time.

A call for help was sent to Rushville, and the chemical truck from the fire station was sent and guarded the surrounding property, but they could not render any assistance to the structure that was on fire. The flames had gained such headway, that the two horses could not be removed. The loss also included 45 tons of hay, 200 bushels of corn, 300 bushels of rye and some farming tools. It is understood that insurance will cover a part of the loss.

## WOMAN'S DEATH DUE TO DOUBLE PNEUMONIA

Mrs. Nancy Feaster, Wife of Leander Feaster, Expires This Morning at Rushville Home

### FUNERAL SUNDAY, 2:30 P. M.

Mrs. Nancy Feaster, wife of Leander Feaster, died this morning at 8:30 o'clock at the family residence, 817 West Second street, death being caused from double pneumonia, following an illness since last Sunday.

The deceased was born near Laurel in Franklin county, and was the daughter of the late Hugh M. and Elizabeth J. Davis. She was 72 years of age.

Besides the husband, she is survived by two sons and one daughter, who are Donald and George Feaster, who live at home, and Mrs. Sue Giles of Indianapolis. She also is survived by a sister, Mrs. Caroline Chance of Chicago.

Funeral services will be held Sunday afternoon at 2:30 o'clock at the late residence in charge of the Rev. H. W. Harrett, and burial will be made in East Hill cemetery.

### WAS WELL KNOWN HERE

Mrs. Agatha Oakley of Indianapolis, wife of Harvey Oakley, manager of the Oakley Motor Sales company, died at the Deaconess hospital in Indianapolis Wednesday and the funeral will be held at the late residence Friday at two o'clock, according to word received here today. Her death was rather sudden. Mrs. Oakley was related in Rushville and had visited here on a number of occasions.

## 5,000 FLOWERS FOR SALE HERE

War Mothers Prepare For Observance of "Forget-Me-Not Day" Here Next Saturday

### FOR DISABLED SOLDIERS

Local Chapter Announces 32 Trees Have Been Planted in Park For Service Men Who Died

The War Mothers of Rush county, with their chapter here, have received 5,000 forget-me-not flowers that will be sold on the streets of Rushville Saturday, when the national "For-Get-Me-Not Day" will be observed for the benefit of the disabled soldiers.

Girls will be on the streets all day, commencing in the morning, and continuing until late Saturday evening. The plan has been heartily endorsed by Mayor Thomas and also by President Coolidge, who has set aside the day for the national observance.

The War Mothers also have announced that they have planted in memory of deceased boys of the World War, 32 trees in the new part of Memorial park on the west side of the boulevard. Each tree represents one soldier who has died, beginning with the first boy who fell, William Carl Jackson.

The first tree is planted on the south side of the new cement bridge, and the others extend north. The trees are all red maples, and have been numbered according to the way the mother received the word of the death of their sons. The War Mothers expect to plant a tree for each soldier who dies in the future.

They also expect to have suitable permanent markers made some time, so that each tree can be readily picked out by visitors as being the tree for the particular soldier for whom it was dedicated. The War Mothers are anxious to have a record of all former soldiers in the county as they die, so that a tree can be planted accordingly.

The 32 soldiers for whom the trees were planted Wednesday, are as follows: William Carl Jackson, Elbert Cox, Charles Prather, Raymond Hamilton, George Lewis Posey, Lewis M. Kirkpatrick, Walter Gartin, William Harding, Carl Dandreon, James Shappahan, Ross Kennedy, Orval Green, John Conway.

William Shew, John Ridenbaugh, Charles E. Garrison, John W. Deerin, William F. Crawford, Fred Beale, Raymond Boren, Murrie Dawson, Marsel Innis, Fred Kessler, Harry Mahan, Herbert Neal, Cyrus Patterson, Ray Rardin, Robert Ables, Gilbert Brawley, Leo Mullins, Thomas Cooning, Edmond Walls.

## THEFT OF COON DOG IS NEGRO'S UNDOING

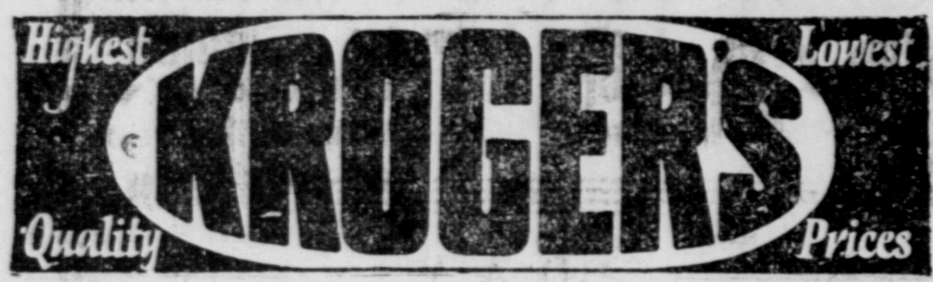

Bill Sheppard of Richmond Agrees to Pay Costs, Amounting to \$100 and Sentence is Suspended

### DOG BELONGED TO LOCAL MAN

The theft of a valuable coon dog belonging to John Thompson of this city, caused the arrest of Bill Sheppard, a colored man of Richmond, who was arrested in that city Wednesday and returned here for trial.

He pleaded guilty in police court last night to a larceny charge, and was fined \$5 and costs and given a six months sentence at the state farm. The sentence was suspended, however by Mayor Thomas when the colored man agreed to pay the costs, which in all amounted to about \$100. The prisoner stated that he heard Mr. Thompson had a good coon dog, and he came down here about three weeks ago and stole him. Thompson expended much money advertising for the dog and finally got word from Richmond that the colored man was seen with a dog answering that description.

Mr. Thompson investigated and identified the dog, and caused the man's arrest. Chief of Police Blackburn went to Richmond Wednesday and brought him here for trial. Mr. Thompson also had offered a reward, which was included in the costs against the colored man.

## HELPTOO LATE FOR "UNCLE BILL" IN CLEANUP OF "WICKEDEST TOWN"

Cromwell, Okla., Nov. 6—"Uncle Bill" Tilghman's appeals for aid in cleaning up Cromwell, "wickedest town in the southwest," finally have been answered.

Federal and state agents have come in to finish the job the picturesque old nemesis of the Henry Starr, Al Jennings and Doolin-Dalton gangs started here in this paradise of the oil huskies two months ago.

But they have arrived too late for the fearless old man who spent more than half a century enforcing the law in frontier towns and booming oil camps.

For "Uncle Bill" is gone. He went down, with a bullet in his heart, while attempting to disarm a man creating a disturbance in front of the Murphy Dance Hall.

His trigger finger was not as fast as it used to be and the other fellow had the drop on him. But "Uncle Bill" died just as he always had hoped he would. He was 71.

In his youth, Tilghman was a buffalo hunter on the plains of Kansas and Colorado. Then he became the marshal of Dodge City, Kas., when it was a rip-roaring cattle town and the rendezvous of the old west's hardest, toughest riding, hardest drinking and straightest shooting men.

He moved over to Oklahoma when the territory was opened in 1889. For the next two years he was a deputy United States marshal. On this job, he was given credit for capturing many notorious outlaws of Starr, Jennings and Doolin calibre.

In the early years of its statehood he was a member of the Oklahoma Senate. Afterward he was chief of police in Oklahoma City. But advancing civilization brought less need for the old-time gun-fighting

returns today, will be composed of 65 Republicans and thirty-five Democrats.

The senate will consist of thirty-one Republicans and nineteen Democrats. There were sixteen Democratic holdovers and nine Republicans in the senate.

Frederick Schortemeier, candidate for secretary of state, made the strongest race of any candidate on the state ticket.

With the campaign out of the way, politicians today turned their attention to the change in personnel the election will bring at the statehouse.

Benjamin Burris, state superintendent of public instruction will resign Dec. 1 to accept the presidency of the state normal at Muncie, and will be succeeded by Dr. H. N. Sherwood, of Franklin, the Republican candidate who won out in Tuesday's election. Burris' term does not expire until March 15, but it was agreed that he resign after the election and that Governor Branch appoint the successful candidate to fill his unexpired term.

Governor-Elect Jackson will retire as secretary of state on Nov. 27 and will be succeeded by Schortemeier. Jackson will take office as governor on January 12.

Robert Bracken, Democratic state auditor, will retire Dec. 1 and will be succeeded by Lewis Bowman, Richmond, Republican.

After Bracken retires, there will be but one Democratic official in the state house—Zach Dungan, clerk of the supreme and appellate courts.

serving his first year on the board this year.

Gates Ketchum, elected prosecuting attorney, will begin his second term of two years the first of the year, and Loren Martin, clerk of the circuit court, will be succeeded by Leonard M. Barlow, democrat, who was elected Tuesday, the first of the year.

For many years, up until the time Mr. Martin was appointed to the office to fill a vacancy, the clerk's term expired on December 1 of the year in which the election was held. When George B. Moore, Jr., resigned as clerk in August, 1919, Mr. Martin was appointed clerk to serve until January 1, 1921, and he was elected in November 1920, for a term of four years.

Phil Wilk's four-year term as auditor will expire December 31 of this year and he will be succeeded by Harry B. Myers, democrat.

Frank Lawrence will complete his first two-year term as treasurer December 31 and will be succeeded by

"UNCLE BILL"

peace officers, of which he was typical, and old Bill dropped out of sight.

Came then the oil strike at Cromwell and the rapid growth of a town of shacks, where every man made his own law, and vice ruled everywhere.

Peaceable citizens of Cromwell determined their town must be a law-abiding community. They sent for "Uncle Bill".

Though he admitted his aim was not so steady as it used to be, he did not hesitate to tackle the task.

Soon the bad men and the painted women began an exodus from Cromwell. Then Tilghman was killed.

"Uncle Bill" is gone, but the work he began is being carried on.

Howard W. Clawson, democrat, who was elected Tuesday.

Sheriff S. L. Hunt has another year to serve on his second two-year term and will not be succeeded by Leonidas M. Coons, who was elected Tuesday, until January 1, 1926.

The coroner takes office at the same time. Dr. John M. Lee, was the only republican on the county ticket elected Tuesday, will begin his second two-year term in January, 1926. Dr. Lee led the republican ticket two years ago.

Adolphus Cameron, democrat, will succeed Frank Catt as surveyor the first of the year. He has held the office before.

Charles M. Trawbridge of Mays, who was re-elected joint representative for Rush and Henry counties, will serve in one regular session of the legislature, his office being for two years.

Rowland H. Hill of Carthage re-elected joint senator for Rush, Shelby and Fayette counties, will serve in two regular sessions of the legislature, his term being for four years.

## They Wouldn't Move

The landlord tried to eject them, but the Gypsies who had leased this Chicago place refused to move. So the landlord engaged bricklayers to close up the doorways and windows in an attempt to scare the Gypsies out. The din from within, however, brought police to the scene. The bricklayers were ordered to leave.

## ROBBERY CLIMAX OF VANDALS' ACTS

Continued from Page One

desks and stacked. It required a long period of time to locate the owners of the books, and some of them were never found.

On one previous visit books belonging to the pupils valued at \$100 were never located. Supt. Allman stated today that visits of this kind are not only costly to the pupils, but also for the taxpayer. Each period in the school day is valued at \$20, and following these visits, several school periods are lost in reorganizing the books and getting back into the regular channels.

Last night the two offices were completely ransacked. In the office of E. B. Butler, high school principal the greatest damage was done. The robbers were intent on obtaining money, which they probably believed was left in the filing cabinet from collections that he had made. His loss in currency was estimated from \$10 to \$12. Other teachers had small amounts of money in their desks.

The filing cabinet in Mr. Butler's office was a total wreck. It was an almost new steel filing case, with several drawers, and locked automatically. Tools from the manual training room were taken to be used for breaking into the steel safe. Every drawer was riddled and the contents of each were thrown all over the floor. The private desks of Mr. Butler were also damaged when the tools were applied to the drawers.

Leading off of Mr. Butler's room, are two doors, one that goes into a closet used for storage, and other into a rest room for teachers. In both cases the glass windows were broken out of these doors, and the robbers climbed through and ransacked these rooms.

The main door leading into Mr. Butler's office was lifted from its hinges. At the office of H. B. Allman, city school superintendent, which is across the entrance doorway from the office of Mr. Butler, was also entered. A window pane was broken from the window leading into the office.

Once inside of this office, the robbers again gave evidence that they were in search of money, as every drawer in the various desks and cabinets were ransacked, and the papers and records tossed all over the office.

The private desks of each teacher in the building were pried open, and the teachers today were checking up their losses.

After the former acts of vandalism had been committed, Frank Nicholson, a former policeman, was employed to watch the building for a period of one week. His time was up last Sunday night. During his week as a night watchman in the building, the place was entered once, but he failed to catch the boys.

He stated that he was across the hallway from the main door of the assembly room, and saw the boys climb up in one of the windows on the east side on the playground side. After one of them had stepped inside of the building, Mr. Nicholson started to tip-toe in his bare feet in the dark toward them, when he stepped on a loose board that gave out a loud report.

The person on the inside made a

leap for the window and was gone, he said, and as he reached the window, he saw four or five persons running across the school yard, going toward Seventh street.

He remained on the job until his week was up, and there had been no one watching this week.

School officials today declared that there was no doubt but what the robbers were after money, and in the future the teachers will not leave any around. The school officials also stated that they believed that last night was the climax because all of the damage had been done that could be done, and they are of the opinion that it will be the last attempt to enter the building. There are no clues to the robbery or vandalism.

The vandalism and robbery of the Graham school is only one school of several that has been entered. It will be recalled that the Main Street Christian church was entered one night recently, and on that same night, other school buildings in Rushville had been entered, but no great damage done.

One night last week, another school in Rushville was entered and books scattered in the various rooms.

The work of a gang is believed to be responsible. The rural schools also have been visited, according to B. D. Farthing, county school superintendent. At the Webb school recently the place was robbed, and included in the loss was the school phonograph and records, and other articles stolen brought the loss to \$500 in that school, according to Mr. Farthing.

He also stated that the schools in Richland township had been entered recently, but no great damage done.

## TO ENLARGE ENGINEER DIVISION OF PURDUE

Result Will be Increased Enrollment in This Service, Reports Dean of Engineering

LAST YEAR REACHED 5,000

Lafayette, Ind., Nov. 6—Broadening the scope of the engineering extension division of Purdue university with resultant increased enrollment, was predicted today in a report by President Edward C. Elliott by A. A. Potter, dean of engineering.

Last year, the service reached between 5,000 to 6,000 people directly. The program offered included conferences, short courses, lectures, special activities, smoke prevention campaigns, road building extension work, ice manufacturing, public utilities, and state limestone industries.

The factory management course at Indianapolis attracted seventy men. A similar course in South Bend is being planned. Power plant operators are negotiating with the extension division for power plant courses in several centers, including Anderson and Indianapolis.

An engineering extension service for the benefit of structural engineers in Indianapolis has been asked and plans are being drawn up.

The division announced that it has enormous opportunities to render service throughout the state, and although its facilities at the present time are somewhat limited, it plans to do all in its power to assist the various industries which have called upon it for instructional work.

## FUNERAL TO BE HELD HERE

Mrs. Susan F. Stanley Dies at Her Home in Greenfield

The body of Mrs. Susan F. Stanley, who died at her home in Greenfield, Ind., Tuesday at 7:30 p. m. will be brought to the home of her aunt, Mrs. Fanny Ridenbaugh in West Third street, where the funeral service will be held Friday afternoon at two o'clock. Burial will take place in the East Hill cemetery.

Mrs. Stanley was born and reared in this county, where she had many relatives and friends. She was the daughter of the late Samuel and Manora Boblett Pearse, and a niece of the late Susan Tinsley. She was sixty-four years of age at the time of her death and had been ill for several weeks suffering with kidney trouble, which resulted in her death.

Stay with the Lord:—The Lord is with you, while ye be with him; and if ye seek him, he will be found of you; but if ye forsake him, he will forsake you. II Chronicles 15:2.

Prayer:—O Lord, we would seek Thee now when Thou mayest be found, and call upon Thee whilst Thou art near, for this is the day of Thy salvation.

## Saving The Country

Once more the country has been saved.

We as a people do it every four years. It's a habit we have that was formed when our forefathers decided and made it a matter of record that we should go to the polls the first Tuesday after the first Monday in November every fourth year and elect a president.

So, regularly, as prescribed by the basic law, we go about the business seriously. Of course, not everyone agrees on how the country should be saved.

At times disagreements of a grave nature arise. Neighbors and friends cease spaking. They belong in difference camps, both working for the same objective but along divergent lines.

Each honestly believes that his course is the wisest and to the best interests of the people. Each has a burning conviction that if the other side wins, the nation will be ruined.

Thus the saving of the country is accomplished every four years. Each time, few of the consequences that are predicted by the other side come to pass.

We all get back on speaking terms again and peace and harmony is restored.

The guiding star of America's destiny leads on. Not many calamities have come upon us. From them all we have recovered to carry on.

Political campaigns will come and go, but the nation will live on, proud of its heritage, strong in its union and powerful among the other nations of the world as an influence for good.

## School Vandalism

The acts of vandalism which have been committed at the Graham high school building in Rushville during the present term, which were climaxed by robbery Wednesday night, will not be tolerated in civilized communities, and if the persons guilty are found, the sentiment of the people of Rushville will undoubtedly be favorable to deserving punishment.

Everyone with any sense of humor appreciates a good joke, but pranks that involve the destruction of property, and lead up to robbery, should not be countenanced, especially when school property is destroyed.

Damaging school books and the loss of some as the result of the facts of vandals has worked a hardship on many students who can ill afford to suffer the loss.

Those who are responsible for this silly business need a lesson that they will not forget. Perhaps they did not realize the seriousness of the business, but they will be made to understand that public property is not to be destroyed at will and that there are laws to punish people who steal.

Sentiment of the community will undoubtedly back up school authorities and officers sworn to enforce the law, in an effort to stamp out this sort of wanton disregard for law and order.

Because she got hold of the wrong medicine last night, Miss Anna Morris, at the home of her sister, Mrs. John Wolverton, was in a serious condition for several hours and she is not out of danger yet. Miss Morris went up stairs and picked up a tablet off the dresser. She had forgotten that there were two kinds of medicine there and did not notice that she had picked up a corrosive sublimate tablet. She took it and in a short time began to feel the effects.

Ben Havens, a former Rush county boy, was rejected city clerk at Kokomo Tuesday by a plurality of 1038 on the Republican ticket. While the party candidate for mayor was defeated 697.

By using the forward pass successfully yesterday afternoon, the Rushville high school team walked, ran and fell over the Liberty high school aggregation. The score at the finish was not the only thing which contributed to the downfall of the Liberty players, for the Rushville team had it on them at every turn and corner except through the line, and the boys from Union could make gains through the Rushville line every now and then.

They seemed much at home with the southern people, who they say are so much more sociable than the northern people.

The first meeting of the girl's industrial school in charge of Mrs. T. W. Becker and Mrs. A. L. Stewart, was held this afternoon.

## HUNT'S DAILY LETTER

BY HARRY B. HUNT  
NEA Service Writer

WASHINGTON—Dr. Sao-Ke Al-fred Sze, Chinese minister to the United States, proves himself a real diplomat by the steps he has taken to set America right with respect to the "heaven Chinese."

Instead of confining his efforts for a better understanding between China and the United States to parley voos and pour parlers with the gray beards in the State Department, Sze is making his overtures straight to the youth of the country who will have the shaping of our diplomacy in the next generation.

As a part of this idea, Sze has presented to the Central High School of Washington, in which he was formerly a student, a "Chinese room," which will keep constantly before the pupils of the school an object lesson on the art and culture of his ancient country.

THIS Chinese room, built within one of the regular class-rooms of the school, is finished with long panels of red and black lacquer. These panels are decorated with Chinese characters setting forth the characteristics of a good teacher.

The windows are shaded by gold silk curtains, over a Chinese lattice effect. A large, beautifully designed Chinese lantern, suspended from the center, sheds a mellow, softened light which brings out the oriental charm and beauty of the room.

It will be hard to convince pupils who receive part of their education in English in this room that China is a hopelessly benighted country. Instead of being given an adverse slant at China and things Chinese, they are brought to regard them with high favor. For in the desert of a modern, utilitarian, American school building, this Chinese room stands out as an oasis of beauty and inspiration.

As a bit of super-diplomacy it amounts to nothing less than genius.

PUBLICATION of income tax payments proved a fine wind-fall for one class of business men.

It gave stock and bond salesmen a gift-edged list of "prospects." For from the amount of tax paid it was possible to estimate with fair accuracy the yearly income of the reportees, and the stock and bond boys lost no time in hot-footing it out to argue the merits of their various "issues" as investments and gather in as many of the remaining dollars as possible.

One elderly Washington woman who had never been spotted by the stock and bond brokers, but who was revealed by the tax lists as having an income well up in five figures, was visited by no less than five bustling bond salesmen the morning her name was printed. She bought some securities from the last man, then locked the door, disconnected the door-bell and declared a state of siege.

WHAT'S in a name? Well, W. A. Jump, administrative assistant to acting Secretary of Agriculture Gore, held down his first job with the department solely by his ability to live up to his.

Jump's job was to carry messages from an up-town office of the department to the administration building down on the Mall, making a trip every 15 minutes. When he tackled the job he had a bicycle, and expected to be able to maintain schedule without over-exertion. The round-trip distance was about a mile.

Then his bicycle was "stolen." Funds were not in hand for another—and wouldn't be for several weeks. He either had to walk, and walk fast, or give up his job. So Jump jumped to it.

And by the time he was ready to buy a new bike, his boss jumped him into a better job. But even today he can tell you just how many steps it is from the office to the middle of Pennsylvania avenue.

They've told us that they would pay even more for Virginia Sweet than for any other brand if they had to. They realize that Virginia Sweet is always a real bargain. Even though the price may vary a cent or two from time to time, Virginia Sweet always is priced lower than other advertised brands. Virginia Sweet users are given the benefit of every saving in manufacturing cost. They know that Virginia Sweet quality would cost much more if Virginia Sweet were not priced on so close a margin.

## WE DO NOT BELIEVE IN SPECIAL SALES

When an article comes into our store we start it at the lowest price possible.

We are ready at any time to have our regular everyday prices compared with those of any store. Ours is a one price store. We don't sell at one price on Saturday and at another on Monday.

Did you ever go into a grocery store and have to take what you could get, not get what you wanted? Our customers usually, get what they want. Of course, we have calls for brands of goods we do not sell, but if it's an article that has been proven to have merit and worth stocking, we have it.

We have just received a shipment of new mackerel, fat white meat, each 20c and 25c.

Pickles are going to be almost prohibitive in price this winter. The 1924 crop was the smallest in many years. We have enough contracted for at early prices to last us until next spring. Our customers will benefit as usual by our ability to buy in large quantities.

## PURDUE AND FRANKLIN TO MEET FIRST TIME

Basketball Game Will be Held in  
Memorial Gymnasium, Purdue Un-  
iversity, Dec. 19

### WILL BE A FEATURE GAME

Lafayette, Ind., Nov. 6.—Football conversation dominates gatherings at Purdue university, but even the most rabid gridiron follower changed the subject today when it was announced at Director of Athletics N. A. Kellogg's office that a contract had been drawn up for a basketball game between Purdue and Franklin.

It will be held in Memorial gymnasium December 19; Franklin's wonder five, which has met and decisively defeated many conference quintets, has never met a Lambert-coached team, and the speculation which the announcement made can be imagined.

It is certain that the game will be one of the features of the early Hoosier collegiate basketball card this winter. Lambert's squad, some members of which have already been working out, will get down to work in earnest at the end of the football season, and Lambert's task is one of the biggest he has ever faced here.

Replacing men of the caliber of Blair Guillion, all conference center, and George Spradling, high point man of last year's big ten are jobs big enough to give most any coach a few sleepless nights.

## TO PLAY FORT HARRISON

Arlington Athletic Club to Play Sol-  
diers at Arlington Sunday

The Arlington Athletic club foot-  
ball team will take on the Ft. Har-  
rison team at Arlington on Sunday  
afternoon, it was announced instead  
of the South Paw team as pre-  
viously advertised.

The soldiers will bring a heavy and  
fast team in an effort to stop Ar-  
lington. From comparison of scores,  
the team from the fort are two  
touchdowns better than Arlington,  
but this will make Arlington fight  
that much the harder. The regular  
line-up will be used against them,  
because the team has made a good  
record with their regulars this se-  
son. The soldiers have several for-  
mer college stars in their line-up.

## LEAVE YOUR CAR IN SUN, RAIN OR SNOW

The Weather Cannot Hurt  
The New DUCO Finish

Duco Finish is different from  
any other finish ever put on a  
motor car. And it stands what  
no finish has ever stood before.

With Duco Finish on your  
car, you can leave it out in all  
kinds of weather. Rain, mud,  
snow, ice, won't hurt it a bit.  
Let the hot sun shine on it all  
day, or run the engine scalding  
hot. Duco won't blister or fade.

After weeks of hard driving,  
you can rub ordinary mud  
spots off Duco with a dry cloth,  
if you like, for only sharp pe-  
bbles will scratch the finish. The  
luster gets higher and finer  
with age.

Every car owner who has  
seen Duco wants it. Come to  
our shop and see cars finished  
with it. Watch us make tests  
to prove its durability. Talk  
to owners who have tested  
every claim we make. Let us  
finish your car with Duco in  
one-third to one-half the usual  
time required. It will always  
look new as long as you own it.

## RUSHVILLE TO TAKE ON GREENSBURG HERE

Recalling Upset of Last Season,  
Lions Are Making Preparations  
For Stiff Game Friday

### CURTAIN RAISER ON BILL

The Rushville high school basket-  
ball team will take on the Greens-  
burg team here Friday night in the  
second game of the season for the  
Lions, and the locals will make an  
effort to even the score of last year.

The Greensburg team in their ap-  
pearance here last season, gave the  
Lions a terrible surprise, and like-  
wise a terrific wallop, that was  
not expected. Greensburg has prac-  
tically the same team this year, it is  
said, excepting the center.

Coach Swain and his team sur-  
vived their first game last Friday in  
good shape, and although Hopewell  
won out by one point in an overtime  
period, it was evidenced that the  
Rushville aggregation is a team of  
fighters from start to finish, and  
especially are strong on the rally  
when the visiting team is in the lead.

As a curtain raiser tomorrow  
night, the second string players  
from here, will take on the Gings  
team, and Gings this year is excep-  
tionally strong, and may prove a  
hard foe.

### ALONG SIDELINES

Evanston—Final intensive drill  
before the team leaves for Jackson,  
Mich., tomorrow was held at North-  
western today. The team will work  
out in Jackson and go to Ann Arbor  
to clash with Michigan Saturday.

Chicago—With the heaviest team  
from tackle to tackle in the confer-  
ence Chicago today hoped to defeat  
Illinois Saturday with smashing line  
attacks. Stagg drilled his line on  
plays which he hopes it will use to  
stop the famous Grange.

Urbana—Despite their injuries,  
Hall, Stimmer and McIlwain will  
play against Chicago if they are  
needed, it was indicated in the final  
workout before the game. Each of the  
trio hobbled through practice.

Ann Arbor—Northwestern plays  
used by the freshmen gained little  
ground the varsity in practice yester-  
day. Trainers said it was prob-  
lematical whether Captain Steger's in-  
jured foot would permit him to play  
Saturday.

Madison—The reorganized Wis-  
consin eleven which opposes Notre  
Dame Saturday in the outstanding  
home game of the season for the  
Badgers showed top form in one of  
the last drills yesterday, it was re-  
ported when the squad had completed  
two extra hours secret practice.

Columbus—At the heated orders  
of coach Wilce Ohio tore through the  
most exacting practice of the se-  
son in preparation for the Indiana  
invasion Saturday. Offensive work  
comprised the drill.

Lafayette—Confident his Purdue  
gridders are capable of turning back  
the DePaw eleven, Coach Phelan  
confined his regulars to punting and  
signal drill.

Bloomington—Coach Ingram ap-  
plied the screws in a workout of the  
Hoosiers in an effort to bring the  
team's performance against Ohio up  
to the play of the second half a-  
gainst Northwestern.

Iowa City—Trained to tame the  
Butler Bulldogs Saturday, Iowa reg-  
ulars were excused from heavy drill  
yesterday and taken to the black-  
board where Coach Ingwersen out-  
lined strategy he expects to use a-  
gainst Wisconsin.

### DIES IN NEWPORT, KY.

home in Newport, Ky. The deceased  
had visited here several times, and  
was related to the Coonings and  
Kelley families. Several from here  
will attend the services Saturday  
morning.

## TO LAY CORNERSTONE FOR STADIUM NOV. 15

Proceedings Will Take Place at In-  
diana University on Day of Home-  
coming Celebration

### BEFORE BIG FOOTBALL GAME

Bloomington, Ind., Nov. 6.—Pre-  
ceding the celebration of the annual  
homecoming of the Indiana univer-  
sity grid squad on November 15, it  
was announced today that the cor-  
nerstone on the new Indiana univer-  
sity stadium will be laid.

Prominent alumni, faculty mem-  
bers and students will be given a  
place on the program. Special in-  
vitations have been issued to all me-  
morial campaign executives in all  
counties of the state and in other  
states, and to all "I. U. men every-  
where.

The corner stone laying comes a  
week after the date originally set for  
the dedication of the stadium. The  
original structure crumbled and had  
to be rebuilt, but Indiana athletic  
followers are enthusiastic in their  
praise of the work done for the new  
structure.

Although the rebuilding was not  
started until late summer, the sta-  
dium is half finished and may be en-  
tirely completed before cold weather.  
The contract for finishing, grading  
and sodding has been let, and it is  
the purpose of athletic officials of  
the university to have the stadium  
in spick and span conditions with  
grass growing and flags flying by  
the time the Indiana alumni return  
for the annual reunion at the com-  
mencement time next year.

President William L. Bryan will  
preside over the cornerstone laying  
exercises. Brief addresses will be  
given by President Bryan, Professor  
Paul V. McNatt, for the faculty;  
George A. Ball, Muncie manufactur-  
er, representative of the board of  
trustees; Judge Ora L. Midlermuth,  
of Gary, representing the alumni;  
Willis N. Coval, of Indianapolis,  
president of the "I" men's associa-  
tion; Noble Butler, of Indianapolis,  
and Keith Masters, president of the  
"Aeons", who will represent the stu-  
dent body.

The exercises will be concluded  
with the sounding of the taps, and  
a time for the Indiana-Wabash  
game.

### Grange Greatest Halfback

New York, Nov. 6.—Selection of an  
All-American football team has  
been made simpler for the experts  
by one position with the showing  
made by Red Grange, the star Illi-  
nois half-back in the Illinois-Mich-  
igan game. Grange not only cinched  
a place on every selection by scoring  
four touchdowns in the first period  
of a most important game.

"Grange, beyond all doubt, is one  
of the greatest players ever devel-  
oped," Alonzo A. Stagg, coach of  
the University of Chicago eleven  
said in commenting on the game.  
"Considering that he went into that  
game a marked man and that Mich-  
igan had a whole year to devise  
some way of stopping him, his per-  
formance was amazing."

It was pointed out that Grange did  
just as much under heavy pressure  
as Babe Ruth could do by hitting  
four home runs in a world's series  
experience always has been very or-  
dinary.

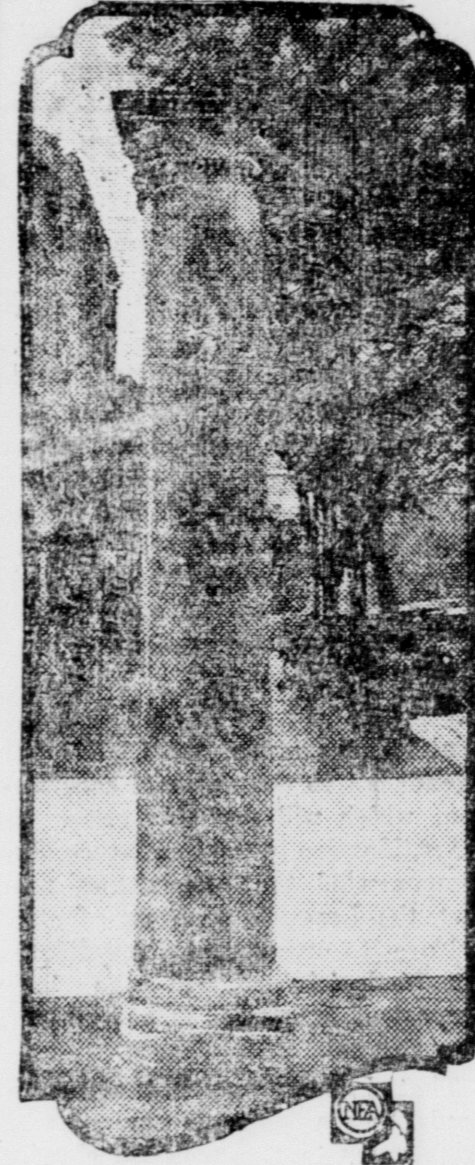

Knut Rockne, the Notre Dame  
coach, also is a great admirer of  
Grange. "I never heard of any  
player scoring four touchdowns in  
the first period of such an import-  
ant game," Rockne said. George  
Gipp once ran for six touchdowns in  
a game against Kalamazoo but four  
of them were called back."

It is generally admitted in the  
west that Gipp, the late Notre Dame  
star, was the only player of recent  
years who could compare with the  
all-around ability of Grange. The  
Illinois junior can do everything  
that Gipp did just as well or a little  
better, but he can't kick, or at least  
he hasn't been called upon to kick.

While admitting that he is one of  
the greatest players in the country,  
many western critics claim that he  
has his great interference to thank.  
It is true that McIlwain and Brit-  
ton gave him great interference in  
the Michigan game, but it will have

to be admitted that every runner  
has to have interference. Grange got  
a good running start behind his in-  
terference, but he finished all his  
long runs alone and it always is the  
last few yards that are the hardest.

## So It Stays

This pillar stands in the middle of  
the sidewalk in Broad street, Au-  
gusta, Ga., and thousands walk  
around it every day—all because an  
itinerant preacher made a threat 50  
years ago that the person who moved  
the pillar would be struck dead by  
lightning. It is from the ruins of a  
market house which the same  
preacher predicted would be de-  
stroyed by a cyclone. And it was  
destroyed by a cyclone.

## FISH PLANTED IN FLATROCK

Consignment Consists of Black  
Bass, Channel Cat and Bream

Several thousand fish were plant-  
ed in Flatrock Wednesday afternoon  
under the supervision of the Rush  
County Fish and Game Protective  
association, and the fish came in  
eight large cans from the U. S. fish  
hatcheries.

In the consignment here were  
black bass, channel cat fish and  
bream. The latter is a new species  
for waters in this locality, and the  
fish resembles a perch very closely.  
It was thought that 5,000 fish were  
in the consignment that was dumped  
into Flatrock, north of Rushville,  
and which will provide good fishing  
for some time to come. The state  
conservation department also makes  
an annual consignment of fish for  
local streams.

## JUDGMENT GIVEN BY DEFAULT

Plaintiff Wins in Suit of Russell  
Wright Against J. A. Stevens

In the law suit pending in the cir-  
cuit court of Russell Wright against  
Jesse A. Stevens, the defendant has  
defaulted, and judgment for the  
plaintiff has been entered for \$91.93  
and costs.

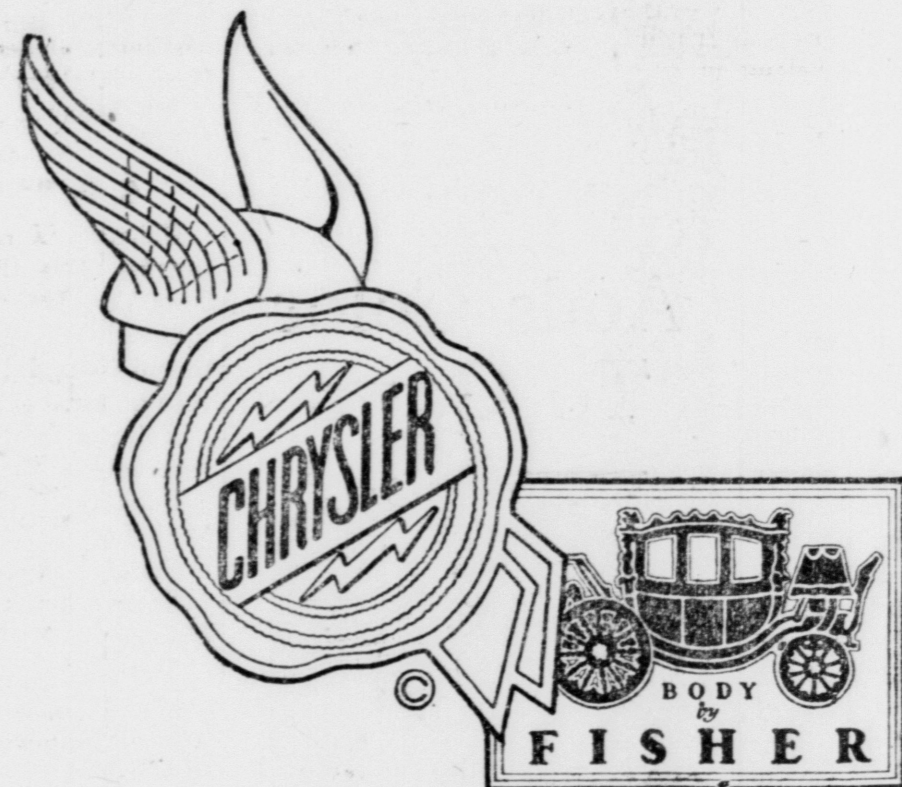

A new suit has been docketed in  
court, it being the complaint of  
John Nedderman against Harry Col-  
ter, the action demanding \$140 on a  
note that is alleged to be past due.

Court has been unusually quiet  
this week, with the records being  
put in shape to close the September  
term which ends Saturday.

### INFANT SON DIES

## None Finer Than The New Chrysler Bodies By Fisher

A new delight and a still higher  
satisfaction now await you in the  
Chrysler Six with new Body by  
Fisher.

Here is body-work not excelled even  
by the most costly custom creations.

Here is body-work of a quality spe-  
cially designed to match the supreme  
Chrysler quality so decisively shown  
in performance and engineering and  
convenience that the whole country  
is talking about it.

Your special attention is called to  
the exceptional quality of trim,  
lustrous beauty of body finish,

excellence and good taste of detail;  
also that assurance of greater riding  
comfort, Marshall springs in arm  
rests as well as seats.

Elegant, luxurious, beautiful—built  
expressly for Chrysler by master  
body-manufacturers who have no  
peer in the world—these new Fisher  
bodies now give to Chrysler the final  
distinction to which it is entitled.

You can be certain that nothing in  
the way of finer bodies can be  
bought, just as nothing finer than  
Chrysler performance exists in the  
automobile industry.

Mr. and Mrs. James Wright, living east of the city, entertained about thirty guests at a bountiful supper Monday evening, honoring their son and his wife, who just returned from Komowa. The dining room was beautifully decorated in the color scheme of pink and white.

On account of W. S. King being obliged to change his date from November 8 to November 15, the called meeting of the Rush County Federation of Clubs will be changed to November 15. At that time the meeting will be held in the basement of the Methodist church as pre-arranged. Dr. King will address the meeting.

The Loyal Women's Class of the Main Street Christian church Sunday school enjoyed a splendid meeting Wednesday afternoon at the home of Mrs. Alva Jenken in East Sixth street. About twenty-five members were present for the meeting and spent the hours in piecing comfort tops. Light refreshments were served by the hostess at the close of the meeting.

Mr. and Mrs. Kenneth Kelso, Mr. and Mrs. William Kelso, Mr. and Mrs. Ted King and family, Mr. and Mrs. Willard King and family, Mr. and Mrs. Lowell Norris and family, Mr. and Mrs. Randall Beck of Rushville, Clayton Dagler and Margaret Zerk and Warren Dagler of Indianapolis motored to Laurel Hall Sunday and enjoyed a pitch-in dinner at the home of Mr. and Mrs. Charles Dagler.

The Band of Workers of the First Presbyterian church were delightfully entertained Wednesday afternoon at the home of Mrs. J. D. Megee in North Harrison street. She was ably assisted by Mrs. J. P. Hogsett and Mrs. Ed Beer. A business meeting was held, during which business of importance was transacted. An informal social period was enjoyed following the business session and the hostesses served delicious refreshments. Mrs. Walter Thomas was a guest at this meeting.

## STUDENTS TO MANAGE SHOW

Purdue Pupils Will Have Horticultural Display November 14-17

Lafayette, Ind., Nov. 6—The fourth annual Purdue Horticultural show will be held November 14 to 17 at the university here, it was announced today.

The show will be managed entirely by students of the university who are specializing in horticulture.

From a small exhibit of apples ten years ago, the show has grown amazingly until now it will require 12,000 feet of floor space, and will include both vegetable and flower classes in addition to the fruit.

Two thousand catalogues and premium lists have been distributed among commercial growers, vocational teachers, county agents, and persons interested in horticulture. In response to invitations, some of the best growers of other states have promised to enter fruit in the show.

Fort Wayne—The October traffic accident toll here was big. There were thirteen accidents with five killed.

## WOMAN AILING FOR A YEAR

Took Lydia E. Pinkham's Vegetable Compound—Happy Results

Newcastle, Pa.—"I was all run-down and everybody thought I was going into a decline. I had been ailing for a year with pains in my right side so that I could hardly stand on my feet. When I walked I felt as if something was falling. I was not able to do any work and had a nurse most of the time. She spoke to me about Lydia E. Pinkham's Vegetable Compound, so I gave it a fair trial. Some women think one bottle should cure them, but I did not stop at that. I took more and got better, and am able ever since to do my own housework. There was a time, when I would complain of not feeling well, that my husband would say, 'Go to the doctor.' But now he will tell me to get a bottle of Lydia E. Pinkham's, and it has always helped me. I have had druggists tell me that they had something better, but they don't tell me that now, for I take no other. I have been taking the Vegetable Compound now for five years. Any woman who cares to call or write, I will be glad to tell her how it helped me."—Mrs. MADEL, LIST SHEBAHN, 515 Newell Ave., Newcastle, Pa. For sale by druggists everywhere.

## Turns Attention TO LEGISLATURE

Program Chairman of Indiana League of Women Voters Sent out The Year's Program

### STRESS LAW ENFORCEMENT

Also Urge Leagues to Study Child-Labor Amendment to National Constitution.

Indianapolis, Ind., Nov. 6—Now that the "Get out the Vote" campaign and other activities of the Indiana League of Women voters incident to the general election are over the League turned its attention today to preparation for the next legislature.

Mrs. Paul J. Meifield, program chairman for the Indiana League has sent out the year's program to the local organization. She called attention to the importance of the approaching session of the legislature.

She recommended that November be devoted to the problem of law enforcement. She stressed particularly of the enforcement of the laws which have been sponsored by the League in the past and the maintenance of the Shepard-Towner school attendance, and state probation laws intact in the state.

Mrs. Meifield also urged that the local leagues study the Child-labor amendment to the national constitution, which will probably come up for ratification in the legislature. She recommended that committees present the League's program of child welfare to successful candidates for the legislature, and urge their support of legislation in accord with the program.

That Indiana was not alone in conducting a vigorous campaign to bring votes to the polls on election day was evidenced by the fact that the state headquarters of the League here has been flooded with clippings from newspapers published in every state in the Union, recording the progress of the get-out-the vote campaign in the various states and carrying photographs of the local and national officers of the League who have been active at work, it was announced.

Muncie—"That was a good looking girl whose hair you just trimmed," "George Crusey told Charles Paul, both barbers here," I didn't notice her looks," said Paul, "I was worrying too much about how hard her hair was to cut."

## WINS MAJORITY IN THE NATION

Continued from Page One  
Magnus Johnson, another LaFollette adherent, although a farmer-laborite, went down to defeat before a Republican.

In the house the same trend was less followed. Most of the LaFollette adherents maintained their seats but the Republicans gained enough seats from the Democrats to establish indisputable control.

With the returns practically all in, it seems evident that the new senate line up will stand: Republicans 54; Democrats 41; Farmer-labor 1.

Necessary for a majority, 49.

### G. O. P. Majorities Climb

Chicago, Nov. 6—Republican majorities climbed steadily as returns from Tuesday's elections trickled in today. President Coolidge also continued to maintain leadership as a vote getter.

Returns from 5,216 out of 5,989 precincts in the state show:  
Coolidge 1,273,418; Davis 496,822; LaFollette 301,163.

Small 1,146,112; Jones 813,927.  
Deneen 1,122,791; Sprague 628,454.

The balance of the state ticket is riding nearer the presidential vote as there appeared to have been little of the splitting that was done in the gubernatorial and senatorial contests.

Republicans gained two seats in congress and may take another. Congressman Harry T. Rainey, Democrat of Carrollton has a lead of approximately 800 over Guy Shaw, Republican of Beardstown, with a considerable number of precincts still to come in.

### Brookhart Leads in Iowa

Des Moines, Iowa, Nov. 5—Complete unofficial returns from all of the 2,433 precincts in Iowa today gave Senator Smith W. Brookhart a majority of 74 votes over his Democratic opponent, Daniel Steek for the United States senate.

The vote, according to the tabulation by the United Press, was:  
Brookhart 455,394; Steek 455,320  
In 1922 the vote for Senator was: Brookhart 339,751; Clyde Herring, Democrat 227,833.

An official canvass of ballots cast in Tuesday's election probably will be necessary to decide the contest.

### North Dakota Undecided

Fargo, N. D., Nov. 6—With returns from the trans-Missouri section of the state, Non-Partisan territory, cutting down the lead piled up by President Coolidge over Senator LaFollette in the eastern section of North Dakota, both parties today were claiming the electoral votes for their respective candidate.

In 1,571 of the 2,160 precincts of the state the vote stood: Coolidge 79,316; LaFollette 67,363; Davis 13,603.

L. B. Hanna, Coolidge campaign manager, while admitting the president's plurality will be cut down,

claims the state for the Republican candidate by 4,000.

Arthur G. Sorlie, non-Partisan candidate for governor defeated Halvor Halvorsen, Democrat.

### Magnus Johnson Behind

St. Paul, Minn., Nov. 6—Farmer-Laborites and Republicans are running a close race for the United States senatorship from Minnesota. Thomas D. Schall, Republican candidate, was in the lead today by slightly less than 18,000 votes.

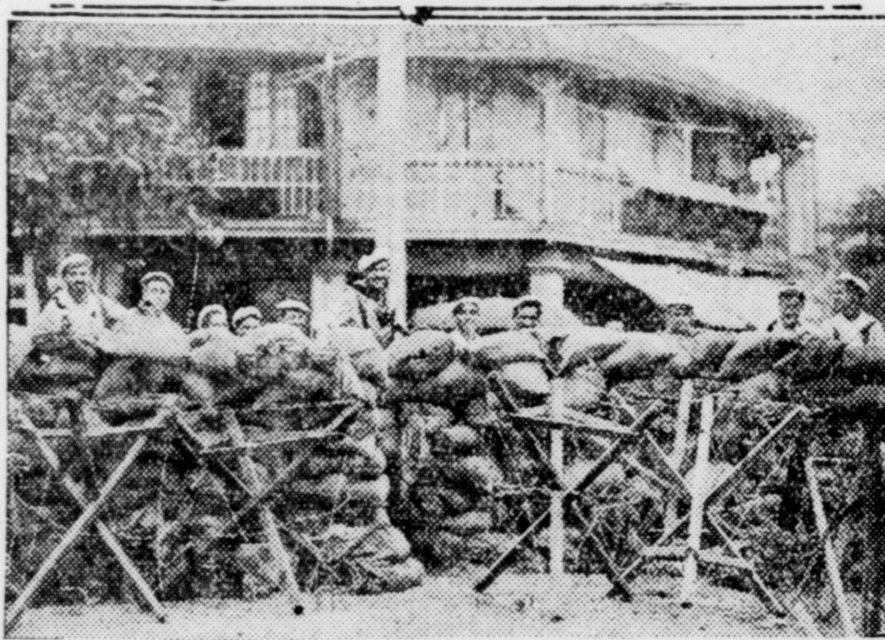

With 777 precincts to hear from the vote for Magnus Johnson, incumbent farmer-laborite, stood at 323,032, and for Schall, 340,919.

Republicans admit Johnson may cut down Schall's lead in the precincts yet to be heard from but claim their candidate election.

## Taking No Chances in China

These French marines were not taking any chances while the Chinese were fighting around Shanghai. They erected sandbag fortifications all around the French concession, as shown in the upper picture. The gentleman in the lower photo, wasn't risking his life either. He is a mandarin fleeing the fighting. His one-man flivver rides comfortably, and his other servants are carrying his luggage.

## BUSINESS SECTION OF GASTON IS IN FLAMES

Destruction of Main Part of Gaston, Small Town Near Muncie, is Feared This Afternoon

### FIFTEEN BUILDINGS BURNING

Muncie, Ind., Nov. 6—The town of Gaston near here is burning and it is feared the entire business section will be destroyed. At noon more than fifteen buildings were in flames and firemen from several surrounding cities are unable to make any headway.

The flames broke out in a grocery store and were fanned by a heavy wind. They quickly spread to other nearby buildings despite the efforts of the volunteer firemen. At noon twelve dwellings, two office rooms, a grocery, a barber shop and other buildings were being destroyed.

The loss will run into several thousand of dollars and it is feared that the entire eastern part of the city will be swept away.

The town has no water supply and the departments which answered the call were unable to be of any assistance. The flames have reached such proportions that they cannot be checked it is believed.

## "Tarnish" at Princess

George Fitzmaurice, director of the Samuel Goldwyn production, "Tarnish," which is now playing at the Princess theatre, firmly believes that the American girl has a place in the business world, and that every girl should learn to support herself and be financially independent. But, he states, there is one disadvantage.

"With the indolent and self-indulgent father," claims the director, "the temptation to allow his daughter to shoulder more than her share of the responsibility of supporting the family sometimes becomes too great. He begins to feel that he can ease up in his own work and spend more upon his pleasures."

"Such a situation forms the basis of the story of 'Tarnish,' which, as is well known, was the most successful stage play on Broadway during the past season. The Tevis family consists of father, mother and daughter. And to the daughter, because she is efficient and capable of earning a good salary, falls the brunt of the work of supporting her parents. While this condition is far from universal in real life it is common enough to make 'Tarnish' a story of wide appeal and thoroughly convincing."

May McAvoy plays the role of the daughter described above by Mr. Fitzmaurice, Ronald Colman is cast as her sweetheart, and others in the cast include Marie Prevost, Norman Kerry and Harry Myers. "Tarnish" has been decidedly popular with Princess patrons since its opening and promises to be one of the best liked photoplays of the year.

## NOTICE OF SALE OF REAL ESTATE.

The undersigned Commissioner, by virtue of an order of the Rush Circuit Court, made and entered in a cause therein pending, entitled Marion Owen, et al vs. Gertrude Gosnell, et al, and numbered 2416 upon the docket thereof, hereby gives notice that at the residence of Lafayette Peck, two miles southwest of Moscow, Orange Township, Indiana, on

Saturday, December 6th, 1924 at two o'clock p. m. of said day he will offer for sale at private sale and at not less than the full appraised value thereof, the following described real estate, to-wit:

Beginning at the southeast corner of the west half of the northwest quarter of section thirty (30) in township (12) north, range nine (9) east, thence north one hundred sixty-two (162) rods, four (4) links to the northeast corner of said half quarter section; thence west forty-seven (47) rods and three (3) links; thence south one hundred sixty-two (162) rods, four (4) links to the south line of the said quarter section; thence east forty-seven (47) rods, three (3) links to the place of beginning, containing sixty-two (62) acres and one hundred (100) rods.

Also, a part of the northeast corner of section thirty (30), township (12) north, range nine (9) east, commencing at a stone which is eleven (11) rods west from the southeast corner of said quarter section; thence north one hundred sixty-two (162) rods and six (6) links to a stone; thence south one hundred sixty-two (162) rods and six (6) links to a stone on the south line of said quarter section; thence east one hundred (100) rods and forty (40) links to the place of beginning, containing one hundred four (104) acres.

All situate in Rush County, Indiana. This land is divided into two tracts of forty-seven (47) acres and one hundred four (104) acres, and is fertile land and all under cultivation and either would make a very desirable farm.

TERMS OF SALE. One half of purchase money cash, and remainder due in one year. Purchaser to execute his note bearing six per cent (6%) interest from date and secured by a first mortgage upon the real estate sold. Purchaser has the privilege of paying all cash.

LAFAYETTE PECK, Commissioner.

### This Teacher Used an "Electric Chair"

H. T. Opsahl, science instructor in the Barnesville (Minn.) High School, had his own ideas about maintaining classroom discipline. He got a common office chair and equipped it with Tesla coil. It was so arranged that no spark would cause a severe shock to a boy strapped in it. The punishment was intended to consist almost entirely of mental suspense. But one pupil, Earl Tenneson, claims one leg was slightly burned. As a result, Opsahl was arrested on an assault charge. The chair is shown in the above picture and an artist has painted in an imaginary subject.

### HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

### So-Called Nervous Dyspepsia

Chiropractic Health Talk No. 90

By H. V. McCully, D. C., Ph. C.

This is a condition of the stomach in which there is an alteration in the quantity or quality of the gastric juice and is accompanied by nervousness.

As a rule the onset is gradual and starts with distress in the region of the stomach, eructations of gas, pyrosis (heart burn), palpitation of the heart, constipation and coated tongue.

There may be severe stomach pains which in some cases are relieved by eating. There may be numbness of the extremities, coldness of the skin, flushes of the face and neck, and occasionally hiccup.

In some cases mental symptoms develop, such as: fear of being alone, mental depression, worry over trivial matters, etc.

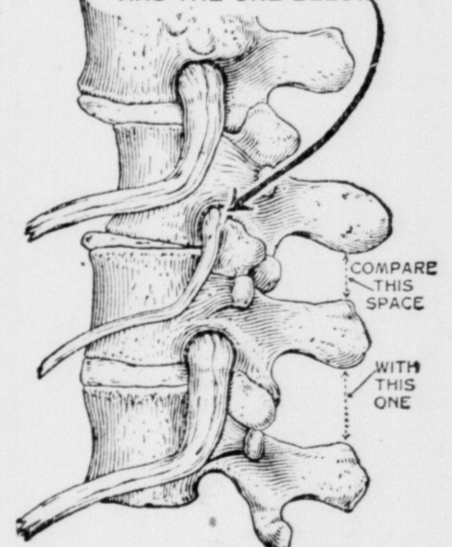

If allowed to run on the outlook is not good but our Chiropractic Adjustments remove the pressure on the nerves leading to the stomach. The flow of gastric juice becomes normal, digestion is restored and all symptoms disappear.

### Dieting Failed, But Chiropractic Succeeds

"For several years my son suffered from headaches and an undernourished condition. Physicians thought this was due to auto-intoxication and said the only relief obtainable would be through dieting. Under their treatment his condition gradually became worse. Reading an advertisement of Chiropractic, I became interested and decided to give it a trial. Under adjustments my boy has become normal, has gained several pounds and makes his grades in school. Without Chiropractic adjustments I believe he would have died."

Mrs. T. C. Houston, Chiropractic Research Bureau, Statement No. 2064-0.

## ROBBERY CLIMAX TO VANDALS' ACTS

Graham High School Building Entered Wednesday Night and Money Stolen from Teachers' Desks

### SCHOOL PROPERTY DAMAGED

Traces of Vandalism Found Several Times in Recent Weeks and Watchman Had Been on Duty

### \$100 REWARD IS OFFERED

It was announced this afternoon that \$100 reward has been offered for evidence which would lead to the apprehension of persons who broke into the Graham high school building Wednesday night and damaged property and stole a sum of money.

The Rushville city school board, the senior and junior classes, the High School Athletic association and the Rushville high school weekly newspaper, joined in contributing to the fund raised to catch the vandals.

Feeling ran high in the high school today against the acts of vandalism of the past few weeks, which culminated in the theft of money last night.

Vandalism combined with burglary, did several hundred dollars damage Wednesday night at the Graham high school building, according to a discovery made this morning, when the building was opened, and found to have been ransacked from top to bottom.

It is the fourth or fifth time within a few weeks that the building has been entered, but the affair last night is the climax, as every desk belonging to the teachers, Superintendent Allan and Principal Butler, were broken into, which indicated that the robbers were after money.

The first few times that the building was entered, only books belonging to pupils were stolen and the pupils' desks ransacked, but as the vandalism continued, the amount of damage increased, and in all the loss will almost reach \$1,000 for the past few weeks.

In the raid last night on the building, indications point to the fact that the robbers had concealed themselves within the building when the doors were open after supper for the night class in millinery. No doors or windows were broken from the outside.

The robbery evidently had a long session within the building because of the extensive amount of damage that was done. The books in the assembly rooms were taken from the (Continued on Page Three)

## DISTRICT PASTORS TO HOLD CONFERENCE HERE

Revival Matters will be Theme For  
M. E. Ministers at Session With  
District Superintendent

### LAYMEN ARE ALSO INVITED

Methodist Episcopal church pastors and laymen of the Connersville district, Indiana conference, have been invited to a pastor's practical conference on revival matters, to be held in Rushville Thursday, November 13, by the Rev. John Thomas Small, district superintendent.

There will be three sessions—10 a. m. and 1:30 p. m. and a dinner session at 6 p. m. There will be no addresses, but just plain talks, it is stated in the announcement going forward to pastors. The best time for revivals, who should conduct them and how they should be organized will be the themes for discussion. Some sub-topics under the general subjects are suggested in the announcement for the sessions. Each pastor will be requested to discuss one of these.

Each pastor is urged to invite a committee of laymen from his church to attend the dinner session, when Dr. W. B. Farmer will be present to talk over matter of "Being Square With Our Preachers."

Noon lunch will be served in the basement of St. Paul's church.

## CARRIES FRANKLIN COUNTY

Congressman Elliott has Majority of  
256 in Democratic Stronghold

Indications were today, as further returns came in, that Congressman Richard N. Elliott's majority over Lawrence A. Handley, mayor of Richmond, would equal the estimate made Wednesday by George A. Elliott of Newcastle, district chairman. He said the congressman's majority would be between 6,000 and 8,000.

Rep. Elliott carried Franklin county, a democratic stronghold, it developed today, by 256 votes. He also had a majority of 180 in Shelby county, which is normally democratic.

## DATE FOR MARKETING SCHOOL IS CHANGED

Will be Held at Court House Room  
Wednesday, Nov. 12, Instead of  
Tuesday, Nov. 18

### WALTON PETEET WILL SPEAK

The co-operative marketing school, which was scheduled for Rushville on Tuesday, November 18, has been changed to Wednesday, November 12, according to word received here today by Herschel VanMatre, county agent.

The school will open at 9:30 o'clock in the morning, at the court house assembly room, and will continue all day.

It will be in charge of Walton Peteet, secretary of the National Council of Co-operative Marketing associations, of Chicago, who represents about 600,000 producers.

The principles of co-operative marketing are regarded as sound by leading men in agriculture, it was pointed out by the county agent, and their successful application to local conditions depends upon the use made of them.

A state co-operative marketing school was held recently in Indianapolis and it met with such success that a series of district meetings was arranged for Indiana.

## WILLIAMSTOWN SCENE OF FATAL ACCIDENT

David Cooksey, 60, Killed When Big  
Four Freight Train Hits His  
Truck This Morning

### IS BURIED UNDER WRECKAGE

David Cooksey, age 60 years, a truck driver of Williamstown, located in the southern part of Rush county on the Decatur county line, was killed this morning, when the truck that he was driving, loaded with furniture, was driven directly in the path of a southbound freight train on the Big Four railroad.

Cooksey was accompanied by another man, who jumped when he saw the train coming. Cooksey was behind the steering wheel, and did not clear the machine, when the engine struck.

The moving van loaded with the furniture was carried quite a distance down the track, and the victim was buried beneath the wreckage. He died shortly after his body was recovered from the pile of wreckage, and before the arrival of a physician.

The truck was being driven east on the highway that divides the town. Although the accident happened directly on the county line, the locomotive carried his body into Decatur county, where the investigation was being made.

### PLAINFIELD BANK ROBBED

Plainfield, Ind., Nov. 6—Plainfield and Hendricks county officials today were hunting for three bandits who entered the First National bank here late yesterday, forced three bank employees and two customers into the vault and escaped with \$46,000 in cash. An accurate description of the bandits was furnished authorities.

## COOLIDGE LEAD GOES TO 210,000

Landslide for Republican Presidential  
Nominee Exceeds Plurality  
Rolled up For Harding

LAFOLLETTE POLLS 65,711

Frederick Schortemeier Leads State  
Ticket With 130,000 More Votes  
Than Democratic Opponent

(By United Press)

Indianapolis, Ind., Nov. 6—With only a few scattering precincts still to be heard from, President Coolidge today had a lead of approximately 210,000 over John W. Davis in Indiana election returns.

Practically complete unofficial returns gave Coolidge 691,912, Davis 482,788, LaFollette 65,711.

The Coolidge landslide exceeded the Harding landslide of four years ago by 25,000. In 1920 Harding received 185,000 more popular votes than Cox.

Ed Jackson, Republican candidate for governor, had received more than 80,000 votes more than Dr. Carleton McCulloch, the Democratic nominee.

With a few precincts still to be heard from, Jackson had 645,248 and McCulloch 561,212.

The entire Republican state ticket, with the exception of Judge Benjamin Willoughby, candidate for the supreme court from the fourth district, had leads ranging from 25,000 to 130,000.

Willoughby, who had strong opposition, had only a small margin over George Denton, Democratic candidate, with about two thirds of the precincts unreported, and the outcome was still in doubt.

Frederick Schortemeier, candidate for secretary of state, received the largest popular vote of any of the state ticket. Schortemeier was approximately 130,000 ahead of the Democratic candidate.

The Republicans secured ten of the thirteen congressional seats and a clear majority in both branches of the state legislature.

Republican candidates in the eight districts won in the election two years ago were successful, and in addition the G. O. P. candidates in the first districts.

In the second district the race was close but Representative Arthur Greenwood, of Washington, won out over John E. Sedwick, of Martinsville, his Republican opponent.

The house of representatives of the state legislature, according to (Continued on Page Two)

### Interest is Glued Today On "Old Home Town" Election

Rush county interest was glued today on the outcome of "The Old Home Town" election, in which Otey Walker, Sheriff Burkett and Ed Wagner are putting on a three-cornered fight for sheriff. Otey Walker, who resigned as town marshal in order to be unhampered in his campaign for the higher office, was thought to have the inside track, and he forged in the lead today.

Many calls have been received at the Daily Republican office for advance information regarding the outcome of "The Old Home Town" election, but it has been refused, because a number of wagers have been placed on the race, returns are slow coming in, due to bad roads, and it is possible that it will not be known for a few days on whose head victory will perch.

Three County Officers Elected Tuesday  
Will Not Assume Duties Until

### BOTH CORONER AND SHERIFF

Incumbents Have Another Year of  
Terms to Serve—One Commissioner is a Holdover

Not all county officers elected Tuesday will take office the first of next year. Three present county officers will not retire until the end of December 1925, but all other officers will assume their duties January 1 of next year.

Joseph H. Pike of Richland township, elected on the Democratic ticket as commissioner from the southern district, will not take his place on the board until a year from next January, and Harry Gosnell's term will not expire until that time.

## WINS MAJORITY IN THE NATION

Unofficial Returns Almost Complete  
Show Coolidge Vote Will Exceed  
Combined Vote of Opponents

EXPECTED TO RUN 2000 AHEAD

Popular Vote put at 15,500,000 For  
Coolidge, 8,500,000 for Davis And  
4,200,000 for LaFollette

(By United Press)

New York, Nov. 6—On the basis of unofficial returns now almost complete, Calvin Coolidge not only will have a sweeping majority in the electoral college for president, but his popularity will exceed by approximately 2,000 the combined total credited his opponents.

The gradual completion of vote counting in distant states and outlying precincts, confirmed the prediction, the final standings of the candidates in the electoral college will be Coolidge 379; Davis 139; LaFollette 13.

While no state has yet announced the official tabulation of its complete vote, the unofficial returns forecast the popular vote as follows: Coolidge 15,500,000; Davis 8,500,000; LaFollette 4,200,000.

The crushing blow dealt the LaFollette progressives throughout the nation, will bring into power an entire new regime in Washington.

New legislative leaders, possibly new cabinet members, and new dominating influences are to be set up to take the place of the old.

But instead of destroying the self-designated "progressive movement" of LaFollette, it will only serve to draw its lines more clearly and his groups will endeavor to set themselves up as the opposition "party" to the administration in the hope that four years from now they will solidify most of the opposition to the Republicans.

## SENATOR LODGE IS DYING

May Linger in Present Condition for  
Days Following Stroke

Cambridge, Mass., Nov. 6—Henry Cabot Lodge, 74, senior senator from Massachusetts is dying here at Charlesgate Hospital.

Senator Lodge suffered a paralytic stroke at noon yesterday and has been unconscious ever since with death expected momentarily. Dr. John H. Cunningham, attending physician, said the senator was sinking rapidly and that his condition was "very grave."

At two o'clock Dr. Cunningham in an informal talk with newspaper men stated that Senator Lodge's condition was unchanged. He added that the distinguished patient might linger in his present condition for days. An official bulletin will be issued at six p. m.

## BARN, GRAIN, HORSES, IMPLEMENTS BURNED

Loss on Greeley P. Mauzy Farm,  
North of Rushville, Mounts to  
Several Thousand Dollars

### FIRE GAINS RAPID HEADWAY

A large barn on the Greeley P. Mauzy farm, four miles north of Rushville, was destroyed by fire Wednesday night shortly after nine o'clock, and included in the loss was two valuable horses, grain and implements, which is expected to make the loss reach several thousand dollars.

The origin of the blaze could not be determined, as the barn was practically ready to collapse when the flames were first discovered. Alvin Lawson is the tenant on the farm, and his house was close to the burning barn, and was threatened for a time.

A call for help was sent to Rushville, and the chemical truck from the fire station was sent and guarded the surrounding property, but they could not render any assistance to the structure that was on fire. The flames had gained such headway, that the two horses could not be removed. The loss also included 45 tons of hay, 200 bushels of corn, 300 bushels of rye and some farming tools. It is understood that insurance will cover a part of the loss.

## WOMAN'S DEATH DUE TO DOUBLE PNEUMONIA

Mrs. Nancy Feaster, Wife of Leander  
Feaster, Expires This Morning  
at Rushville Home

### FUNERAL SUNDAY, 2:30 P. M.

Mrs. Nancy Feaster, wife of Leander Feaster, died this morning at 8:30 o'clock at the family residence, 817 West Second street, death being caused from double pneumonia, following an illness since last Sunday.

The deceased was born near Laurel in Franklin county, and was the daughter of the late Hugh M. and Elizabeth J. Davis. She was 72 years of age.

Besides the husband, she is survived by two sons and one daughter, who live at home, and Mrs. Sue Giles of Indianapolis. She also is survived by a sister, Mrs. Caroline Chance of Chicago.

Funeral services will be held Sunday afternoon at 2:30 o'clock at the late residence in charge of the Rev. H. W. Harrett, and burial will be made in East Hill cemetery.

### WAS WELL KNOWN HERE

Mrs. Agatha Oakley of Indianapolis, wife of Harvey Oakley, manager of the Oakley Motor Sales company, died at the Deaconess hospital in Indianapolis Wednesday and the funeral will be held at the late residence Friday at two o'clock, according to word received here today. Her death was rather sudden. Mrs. Oakley was related in Rushville and had visited here on a number of occasions.

War Mothers Prepare For Observance of "Forget-Me-Not Day"  
Here Next Saturday

### FOR DISABLED SOLDIERS

Local Chapter Announces 32 Trees  
Have Been Planted in Park For  
Service Men Who Died

The War Mothers of Rush county, with their chapter here, have received 5,000 forget-me-not flowers that will be sold on the streets of Rushville Saturday, when the national "Forget-Me-Not Day" will be observed for the benefit of the disabled soldiers.

Girls will be on the streets all day, commencing in the morning, and continuing until late Saturday evening. The plan has been heartily endorsed by Mayor Thomas and also by President Coolidge, who has set aside the day for the national observance.

The War Mothers also have announced that they have planted in memory of deceased boys of the World War, 32 trees in the new part of Memorial park on the west side of the boulevard. Each tree represents one soldier who has died, beginning with the first boy who fell, William Carl Jackson.

The first tree is planted on the south side of the new cement bridge, and the others extend north. The trees are all red maples, and have been numbered according to the way the mother received the word of the death of their sons. The War Mothers expect to plant a tree for each soldier who dies in the future.

They also expect to have suitable permanent markers made some time, so that each tree can be readily ticked out by visitors as being the tree for the particular soldier for whom it was dedicated. The War Mothers are anxious to have a record of all former soldiers in the county as they die, so that a tree can be planted accordingly.

The 32 soldiers for whom the trees were planted Wednesday, are as follows: William Carl Jackson, Elbert Cox, Charles Prather, Raymond Hamilton, George Lewis Posey, Lewis M. Kirkpatrick, Walter Gartin, William Harding, Carl Dindzeon, James Shannahan, Ross Kennedy, Orval Green, John Conway.

William Shew, John Ridenbaugh, Charles E. Garrison, John W. Deerin, William F. Crawford, Fred Beale, Raymond Boren, Murrie Dawson, Marsel Innis, Fred Kessler, Harry Mahan, Herbert Neal, Cyrus Patterson, Ray Bardin, Robert Ables, Gilbert Bravel, Leo Mullins, Thomas Cooming, Edmond Walls.

## THEFT OF COON DOG IS NEGRO'S UNDOING

Bill Sheppard of Richmond Agrees  
to Pay Costs, Amounting to \$100  
and Sentence is Suspended

### DOG BELONGED TO LOCAL MAN

The theft of a valuable coon dog belonging to John Thompson of this city, caused the arrest of Bill Sheppard, a colored man of Richmond, who was arrested in that city Wednesday and returned here for trial.

He pleaded guilty in police court last night to a larceny charge, and was fined \$5 and costs and given a six months sentence at the state farm. The sentence was suspended, however by Mayor Thomas when the colored man agreed to pay the costs, which in all amounted to about \$100. The prisoner stated that he heard Mr. Thompson had a good coon dog, and he came down here about three weeks ago and stole him. Thompson expended much money advertising for the dog and finally got word from Richmond that the colored man was seen with a dog answering that description.

Mr. Thompson investigated and identified the dog, and caused the man's arrest. Chief of Police Blackburn went to Richmond Wednesday and brought him here for trial. Mr. Thompson also had offered a reward, which was included in the costs against the colored man.

### HELPTOO LATE FOR "UNCLE BILL" IN CLEANUP OF "WICKEDEST TOWN"

Cromwell, Okla., Nov. 6—"Uncle Bill" Tilghman's appeals for aid in cleaning up Cromwell, "wickedest town in the southwest," finally have been answered.

Federal and state agents have come in to finish the job the picturesque old nemesis of the Henry Starr, Al Jennings and Doolin-Dalton gangs started here in this paradise of the oil hucksters two months ago.

But they have arrived too late for the fearless old man who spent more than half a century enforcing the law in frontier towns and booming oil camps.

For "Uncle Bill" is gone. He went down, with a bullet in his heart, while attempting to disarm a man creating a disturbance in front of the Murphy Dance Hall.

His trigger finger was not as fast as it used to be and the other fellow had the drop on him. But "Uncle Bill" died just as he always had hoped he would. He was 71.

In his youth, Tilghman was a buffalo hunter on the plains of Kansas and Colorado. Then he became the marshal of Dodge City, Kan., when it was a rip-roaring cattle town and the rendezvous of the old West's hardest, toughest, riding, hardest drinking and straightest shooting men.

He moved over to Oklahoma when the territory was opened in 1889. For the next two years he was a deputy United States marshal. On this job, he was given credit for capturing many notorious outlaws of Starr, Jennings and Doolin calibre.

In the early years of its statehood he was a member of the Oklahoma Senate. Afterward he was chief of police in Oklahoma City. But advancing civilization brought less need for the old-time gun-fighting

returns today, will be composed of 65 Republicans and thirty-five Democrats.

The senate will consist of thirty-one Republicans and nineteen Democrats. There were sixteen Democratic holdovers and nine Republicans in the senate.

Frederick Schortemeier, candidate for secretary of state, made the strongest race of any candidate on the state ticket.

With the campaign out of the way, politicians today turned their attention to the change in personnel the election will bring at the statehouse.

Benjamin Burris, state superintendent of public instruction will resign Dec. 1 to accept the presidency of the state normal at Muncie, and will be succeeded by Dr. H. N. Sherwood, of Franklin, the Republican candidate who won out in Tuesday's election. Burris' term does not expire until March 15, but it was agreed that he resign after the election and that Governor Branch appoint the successful candidate to fill his unexpired term.

Governor-Elect Jackson will retire as secretary of state on Nov. 27 and will be succeeded by Schortemeier. Jackson will take office as governor on January 12.

Robert Bracken, Democratic state auditor, will retire Dec. 1 and will be succeeded by Lewis Bowman, Richmond, Republican.

After Bracken retires, there will be but one Democratic official in the state house—Zach Durbin, clerk of the supreme and appellate courts.

Gates Ketchum, elected prosecuting attorney, will begin his second term of two years the first of the year, and Loren Martin, clerk of the circuit court, will be succeeded by Leonard M. Barlow, democrat, who was elected Tuesday, the first of the year.

For many years, up until the time Mr. Martin was appointed to the office to fill a vacancy, the clerk's term expired on December 1 of the year in which the election was held. When George B. Moore, Jr., resigned as clerk in August, 1919, Mr. Martin was appointed clerk to serve until January 1, 1921, and he was elected in November 1920, for a term of four years.

Phil Wilt's four-year term as auditor will expire December 31 of this year and he will be succeeded by Harry B. Myers, democrat.

Frank Lawrence will complete his first two-year term as treasurer December 31 and will be succeeded by

"UNCLE BILL"

peace officers, of which he was typical, and old Bill dropped out of sight.

Came then the oil strike at Cromwell and the rapid growth of a town of shacks, where every man made his own law, and vice ruled everywhere.

Peaceable citizens of Cromwell determined their town must be a law-abiding community. They sent for "Uncle Bill."

Though he admitted his aim was not so steady as it used to be, he did not hesitate to tackle the task.

Soon the bad men and the painted women began an exodus from Cromwell. Then Tilghman was killed. "Uncle Bill" is gone, but the work he began is being carried on.

## They Wouldn't Move

The landlord tried to eject them, but the Gypsies who had leased this Chicago place refused to move. So the landlord engaged bricklayers to close up the doorways and windows in an attempt to scare the Gypsies out. The din from within, however, brought police to the scene. The bricklayers were ordered to leave.

## ROBBERY CLIMAX OF VANDALS' ACTS

Continued from Page One

desks and stacked. It required a long period of time to locate the owners of the books, and some of them were never found.

On one previous visit books belonging to the pupils valued at \$100 were never located. Supt. Allman stated today that visits of this kind are not only costly to the pupils, but also for the taxpayer. Each period in the school day is valued at \$20, and following these visits, several school periods are lost in reorganizing the books and getting back into the regular channels.

Last night the two offices were completely ransacked. In the office of E. B. Butler, high school principal the greatest damage was done. The robbers were intent on obtaining money, which they probably believed was left in the filing cabinet from collections that he had made. His loss in currency was estimated from \$10 to \$12. Other teachers had small amounts of money in their desks.

The filing cabinet in Mr. Butler's office was a total wreck. It was an almost new steel filing case, with several drawers, and locked automatically. Tools from the manual training room were taken to be used for breaking into the steel safe. Every drawer was riddled and the contents of each were thrown all over the floor. The private desks of Mr. Butler were also damaged when the tools were applied to the drawers. Leading off of Mr. Butler's room, are two doors, one that goes into a closet used for storage, and other into a rest room for teachers. In both cases the glass windows were broken out of these doors, and the robbers climbed through and ransacked these rooms.

The main door leading into Mr. Butler's office was lifted from its hinges. At the office of H. B. Allman, city school superintendent, which is across the entrance doorway from the office of Mr. Butler, was also entered. A window pane was broken from the window leading into the office.

Once inside of this office, the robbers again gave evidence that they were in search of money, as every drawer in the various desks and cabinets were ransacked, and the papers and records tossed all over the office.

The private desks of each teacher in the building were pried open, and the teachers today were checking up their losses.

After the former acts of vandalism had been committed, Frank Nicholson, a former policeman, was employed to watch the building for a period of one week. His time was up last Sunday night. During his week as a night watchman in the building, the place was entered once, but he failed to catch the boys.

He stated that he was across the hallway from the main door of the assembly room, and saw the boys climb up in one of the windows on the east side on the playground side. After one of them had stepped inside of the building, Mr. Nicholson started to tip-toe in his bare feet in the dark toward them, when he stepped on a loose board that gave out a loud report.

The person on the inside made a

leap for the window and was gone, he said, and as he reached the window, he saw four or five persons running across the school yard, going toward Seventh street.

He remained on the job until his week was up, and there had been no one watching this week.

School officials today declared that there was no doubt but what the robbers were after money, and in the future the teachers will not leave any around. The school officials also stated that they believed that last night was the climax because all of the damage had been done that could be done, and they are of the opinion that it will be the last attempt to enter the building. There are no clues to the robbery or vandalism.

The vandalism and robbery of the Graham school is only one school of several that has been entered. It will be recalled that the Main Street Christian church was entered one night recently, and on that same night, other school buildings in Rushville had been entered, but no great damage done.

One night last week, another school in Rushville was entered and books scattered in the various rooms.

The work of a gang is believed to be responsible. The rural schools also have been visited, according to B. D. Farthing, county school superintendent. At the Webb school recently the place was robbed, and included in the loss was the school photograph and records, and other articles stolen brought the loss to \$500 in that school, according to Mr. Farthing.

He also stated that the schools in Richland township had been entered recently, but no great damage done.

## TO ENLARGE ENGINEER DIVISION OF PURDUE

Result Will be Increased Enrollment in This Service, Reports Dean of Engineering

LAST YEAR REACHED 5,000

Lafayette, Ind., Nov. 6.—Broadening the scope of the engineering extension division of Purdue university with resultant increased enrollment, was predicted today in a report by President Edward C. Elliott by A. A. Potter, dean of engineering.

Last year, the service reached between 5,000 to 6,000 people directly. The program offered included conferences, short courses, lectures, special activities, smoke prevention campaigns, road building extension work, ice manufacturing, public utilities, and state limestone industries. The factory management course at Indianapolis attracted seventy men. A similar course in South Bend is being planned. Power plant operators are negotiating with the extension division for power plant courses in several centers, including Anderson and Indianapolis.

An engineering extension service for the benefit of structural engineers in Indianapolis has been asked and plans are being drawn up.

The division announced that it has enormous opportunities to render service throughout the state, and although its facilities at the present time are somewhat limited, it plans to do all in its power to assist the various industries which have called upon it for instructional work.

## FUNERAL TO BE HELD HERE

Mrs. Susan F. Stanley Dies at Her Home in Greenfield

The body of Mrs. Susan F. Stanley, who died at her home in Greenfield, Ind., Tuesday at 7:30 p. m. will be brought to the home of her aunt, Mrs. Fanny Ridenbaugh in West Third street, where the funeral service will be held Friday afternoon at two o'clock. Burial will take place in the East Hill cemetery.

Mrs. Stanley was born and reared in this county, where she had many relatives and friends. She was the daughter of the late Samuel and Manora Boblett Pearse, and a niece of the late Susan Timley. She was sixty-four years of age at the time of her death and had been ill for several weeks suffering with kidney trouble, which resulted in her death.

Stay with the Lord—The Lord is with you, while ye be with him; and if ye seek him, he will be found of you; but if ye forsake him, he will forsake you. 11 Chronicles 35:2.

Prayer:—O Lord, we would seek Thee now when Thou mayest be found, and call upon Thee whilst Thou art near, for this is the day of Thy salvation.

**Saving The Country**

Once more the country has been saved.

We as a people do it every four years. It's a habit we have that was formed when our forefathers decided and made it a matter of record that we should go to the polls the first Tuesday after the first Monday in November every fourth year and elect a president.

So, regularly, as prescribed by the basic law, we go about the business seriously. Of course, not everyone agrees on how the country should be saved.

At times disagreements of a grave nature arise. Neighbors and friends cease speaking. They belong in difference camps, both working for the same objective but along divergent lines.

Each honestly believes that his course is the wisest and to the best interests of the people. Each has a burning conviction that if the other side wins, the nation will be ruined. Thus the saving of the country is accomplished every four years. Each time, few of the consequences that are predicted by the other side come to pass.

We all get back on speaking terms again and peace and harmony is restored.

The guiding star of America's destiny leads on. Not many calamities have come upon us. From them all we have recovered to carry on.

Political campaigns will come and go, but the nation will live on, proud of its heritage, strong in its union and powerful among the other nations of the world as an influence for good.

**School Vandalism**

The acts of vandalism which have been committed at the Graham high school building in Rushville during the present term, which were culminated by robbery Wednesday night, will not be tolerated in civilized communities, and if the persons guilty are found, the sentiment of the people of Rushville will undoubtedly be favorable to deserving punishment.

Everyone with any sense of humor appreciates a good joke, but pranks that involve the destruction of property, and lead up to robbery, should not be countenanced, especially when school property is destroyed.

Damaging school books and the loss of some as the result of the acts of vandals has worked a hardship on many students who can ill afford to suffer the loss.

Those who are responsible for this silly business need a lesson that they will not forget. Perhaps they did not realize the serious of the business, but they will be made to understand that public property is not to be destroyed at will and that there are laws to punish people who steal.

Sentiment of the community will undoubtedly back up school authorities and officers sworn to enforce the law, in an effort to stamp out this sort of wanton disregard for law and order.

Because she got hold of the wrong medicine last night, Miss Anna Morris, at the home of her sister, Mrs. John Wolverton, was in a serious condition for several hours and she is not out of danger yet. Miss Morris went up stairs and picked up a tablet off the dresser. She had forgotten that there were two kinds of medicine there and did not notice that she had picked up a corrosive sublimate tablet. She took it and in a short time began to feel the effects.

**HUNT'S DAILY LETTER**

BY HARRY B. HUNT

NEA Service Writer

WASHINGTON, D. C., Nov. 6.—The Chinese minister to the United States, Mr. Chen, is a man of great ability and a great deal of energy. He is a man of great ability and a great deal of energy.

Instead of continuing his efforts for a better understanding between China and the United States, he is busy with the gray-haired in the State Department. He is making his overtures straight to the youth of the country who will have the shaping of our diplomacy in the next generation.

As a part of this plan, he has presented to the Central High School of Washington, in which he was formerly a student, a "Chinese room" which will help community before the pupils of the school on object lessons on the art and culture of his ancient country.

THIS Chinese room, built within one of the regular classrooms of the school, is finished with long panels of red and black lacquer. These panels are decorated with Chinese characters setting forth the characteristics of a good teacher.

The windows are shaded by gold silk curtains, over a Chinese lattice effect. A large, lacquered Chinese lantern, suspended from the ceiling, sheds a mellow, soft light which brings out the ornamental design and beauty of the room.

It will be hard to convince pupils who receive part of their education in English in this room that China is a backward, backward country. Instead of being given an adverse view of China and things Chinese, they are brought to regard them with high favor. Mr. Chen, the minister, is a man of great ability and a great deal of energy. He is a man of great ability and a great deal of energy.

Did you ever go into a grocery store and have to take what you could get, not get what you wanted? Our customers usually get what they want. Of course, we have calls for brands of goods we do not sell, but if it's an article that has been proven to have merit and worth stocking, we have it.

**How To End a Cough Quickly**

Specialists say to actually end a cough in the shortest possible time the medicine should not only soothe and heal the soreness and irritation, but should also loosen and remove the phlegm and congestion which are the real cause of the coughing. When this is done the worst cough quickly disappears.

This "double-action" method has been brought to perfection in the prescription known as Dr. King's New Discovery for Coughs. A few drops stop the coughing spells almost instantly, and people who have hardly been able to sleep at night for coughing usually get their full night's rest even after the first dose. It has been very successful, too, for children's spasmodic cough, for bronchitis, laryngitis, bronchial asthma, and hoarseness. On sale at all good druggists. Ask for

## PURDUE AND FRANKLIN TO MEET FIRST TIME

Basketball Game Will be Held in Memorial Gymnasium, Purdue University, Dec. 19

### WILL BE A FEATURE GAME

Lafayette, Ind., Nov. 6—Football conversation dominates gatherings at Purdue university, but even the most rabid gridiron follower changed the subject today when it was announced at Director of Athletics N. A. Kellogg's office that a contract had been drawn up for a basketball game between Purdue and Franklin.

It will be held in Memorial gymnasium December 19; Franklin's wonder five, which has met and decisively defeated many conference quintets, has never met a Lambert-coached team, and the speculation which the announcement made can be imagined.

It is certain that the game will be one of the features of the early Hoosier collegiate basketball card this winter. Lambert's squad, some members of which have already been working out, will get down to work in earnest at the end of the football season, and Lambert's task is one of the biggest he has ever faced here.

Replacing men of the caliber of Blair Guillon, all conference center, and George Spradling, high point man of last year's big ten are jobs big enough to give most any coach a few sleepless nights.

## TO PLAY FORT HARRISON

Arlington Athletic Club to Play Soldiers at Arlington Sunday

The Arlington Athletic club football team will take on the Ft. Harrison team at Arlington on Sunday afternoon, it was announced instead of the South Paw team as previously advertised.

The soldiers will bring a heavy and fast team in an effort to stop Arlington. From comparison of scores, the team from the fort are two touchdowns better than Arlington, but this will make Arlington fight that much the harder. The regular line-up will be used against them, because the team has made a good record with their regulars this season. The soldiers have several former college stars in their line-up.

## RUSHVILLE TO TAKE ON GREENSBURG HERE

Recalling Upset of Last Season, Lions Are Making Preparations For Stiff Game Friday

### CURTAIN RAISER ON BILL

The Rushville high school basketball team will take on the Greensburg team here Friday night in the second game of the season for the Lions, and the locals will make an effort to even the score of last year.

The Greensburg team in their appearance here last season, gave the Lions a terrible surprise, and likewise a terrific walloping, that was not expected. Greensburg has practically the same team this year, it is said, excepting the center.

Coach Swain and his team survived their first game last Friday in good shape, and although Hopewell won out by one point in an overtime period, it was evidenced that the Rushville aggregation is a team of fighters from start to finish, and especially are strong on the rally when the visiting team is in the lead.

As a curtain raiser tomorrow night, the second string players from here, will take on the Gings team, and Gings this year is exceptionally strong, and may prove a hard foe.

### ALONG SIDELINES

Evansville—Final intensive drill before the team leaves for Jackson, Mich., tomorrow was held at Northwestern today. The team will work out in Jackson and go to Ann Arbor to clash with Michigan Saturday.

Chicago—With the heaviest team from tackle to tackle in the conference Chicago today hoped to defeat Illinois Saturday with smashing line attacks. Stagg drilled his line on plays which he hopes it will use to stop the famous Grange.

Urbana—Despite their injuries, Hall, Shimmer and McIlwain will play against Chicago if they are needed, it was indicated in the final workout before the game. Each of the trio hobbled through practice.

Ann Arbor—Northwestern plays used by the freshmen gained little ground the varsity in practice yesterday. Trainers said it was problematical whether Captain Steger's injured foot would permit him to play Saturday.

Madison—The reorganized Wisconsin eleven which opposes Notre Dame Saturday in the outstanding home game of the season for the Badgers showed top form in one of the last drills yesterday, it was reported when the squad had complete two extra hours secret practice.

Columbus—At the heated orders of coach Wilce Ohio tore through the most exacting practice of the season in preparation for the Indiana invasion Saturday. Offensive work comprised the drill.

LaFayette—Confident his Purdue gridders are capable of turning back the DePaw eleven, Coach Phelan confined his regulars to punting and signal drill.

Bloomington—Coach Ingram applied the screws in a workout of the Hoosiers in an effort to bring the team's performance against Ohio up to the play of the second half against Northwestern.

Iowa City—Trained to tame the Butler Bulldogs Saturday, Iowa regulars were excused from heavy drill yesterday and taken to the blackboard where Coach Ingwersen outlined strategy he expects to use against Wisconsin.

## TO LAY CORNERSTONE FOR STADIUM NOV. 15

Proceedings Will Take Place at Indiana University on Day of Homecoming Celebration

### BEFORE BIG FOOTBALL GAME

Bloomington, Ind., Nov. 6—Proceeding the celebration of the annual homecoming of the Indiana university grid squad on November 15, it was announced today that the cornerstone on the new Indiana university stadium will be laid.

Prominent alumni, faculty members and students will be given a place on the program. Special invitations have been issued to all memorial campaign executives in all counties of the state and in other states, and to all "I. U. men everywhere."

The corner stone laying comes a week after the date originally set for the dedication of the stadium. The original structure crumbled and had to be rebuilt, but Indiana athletic followers are enthusiastic in their praise of the work done for the new structure.

Although the rebuilding was not started until late summer, the stadium is half finished and may be entirely completed before cold weather. The contract for finishing, grading and sodding has been let, and it is the purpose of athletic officials of the university to have the stadium in spick and span conditions with grass growing and flags flying by the time the Indiana alumni return for the annual reunion at the commencement time next year.

President William L. Bryan will preside over the cornerstone laying exercises. Brief addresses will be given by President Bryan, Professor Paul V. McNutt, for the faculty; George A. Ball, Muncie manufacturer, representative of the board of trustees; Judge Ora L. Middermuth, of Gary, representing the alumni; Willis N. Coval, of Indianapolis, president of the "I" men's association; Noble Butler, of Indianapolis, and Keith Masters, president of the "Aeons", who will represent the student body.

The exercises will be concluded with the sounding of the taps, and a time for the Indiana-Wabash game.

### Grange Greatest Halfback

New York, Nov. 6—Selection of an All-American football team has been made simpler for the experts by one position with the showing made by Red Grange, the star Illinois half-back in the Illinois-Michigan game. Grange not only cinched a place on every selection by scoring four touchdowns in the first period of a most important game.

"Grange, beyond all doubt, is one of the greatest players ever developed," Alonzo A. Stagg, coach of the University of Chicago eleven said in commenting on the game. "Considering that he went into that game a marked man and that Michigan had a whole year to devise some way of stopping him, his performance was amazing."

It was pointed out that Grange did just as much under heavy pressure as Babe Ruth could do by hitting four home runs in a world's series experience always has been very ordinary.

Knut Rockne, the Notre Dame coach, also is a great admirer of Grange. "I never heard of any player scoring four touchdowns in the first period of such an important game," Rockne said. George Gipp once ran for six touchdowns in a game against Kalamazoo but four of them were called back."

It is generally admitted in the west that Gipp, the late Notre Dame star, was the only player of recent years who would compare with the all-around ability of Grange. The Illinois junior can do everything that Gipp did just as well or a little better, but he can't kick, or at least he hasn't been called upon to kick.

While admitting that he is one of the greatest players in the country, many western critics claim that he has his great interference to thank. It is true that McIlwain and Britton gave him great interference in the Michigan game, but it will have

to be admitted that every runner has to have interference. Grange got a good running start behind his interference, but he finished all his long runs alone and it always is the last few yards that are the hardest.

## FISH PLANTED IN FLATROCK

Consignment Consists of Black Bass, Channel Cat and Bream

Several thousand fish were planted in Flatrock Wednesday afternoon under the supervision of the Rush County Fish and Game Protective association, and the fish came in eight large cans from the U. S. fish hatcheries.

In the consignment here were black bass, channel cat fish and bream. The latter is a new species for waters in this locality, and the fish resembles a perch very closely. It was thought that 5,000 fish were in the consignment that was dumped into Flatrock, north of Rushville, and which will provide good fishing for some time to come. The state conservation department also makes an annual consignment of fish for local streams.

## JUDGMENT GIVEN BY DEFAULT

Plaintiff Wins in Suit of Russell Wright Against J. A. Stevens

In the law suit pending in the circuit court of Russell Wright against Jesse A. Stevens, the defendant has defaulted, and judgment for the plaintiff has been entered for \$91.93 and costs.

A new suit has been docketed in court, it being the complaint of John Nedderman against Harry Colter, the action demanding \$140 on a note that is alleged to be past due.

Court has been unusually quiet this week, with the records being put in shape to close the September term which ends Saturday.

## LEAVE YOUR CAR IN SUN, RAIN OR SNOW

The Weather Cannot Hurt The New DUOCO Finish

Duco Finish is different from any other finish ever put on a motor car. And it stands what no finish has ever stood before. With Duco Finish on your car, you can leave it out in all kinds of weather. Rain, mud, snow, ice, won't hurt it a bit. Let the hot sun shine on it all day, or run the engine scalding hot. Duco won't blister or fade. After weeks of hard driving, you can rub ordinary mud spots off Duco with a dry cloth, if you like, for only the mud will scratch the finish. The lustre gets higher and fiercer with age.

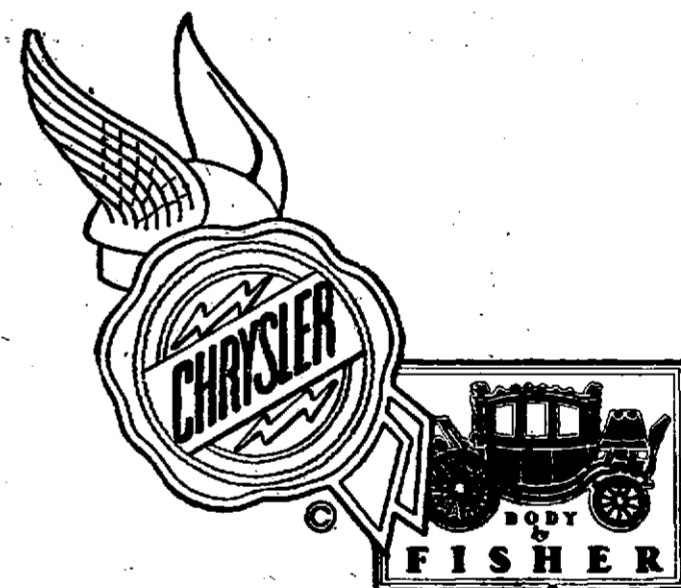

Every car owner who has seen Duco wants it. Come to our shop and see cars finished with it. Watch us make tests to prove its durability. Talk to owners who have tested every claim we make. Let us finish your car with Duco in one-third to one-half the usual time required. It will always look new as long as you own it.

Mr. and Mrs. James Wright, living east of the city, entertained about thirty guests at a bountiful supper Monday evening, honoring their son and his wife, who just returned from Komowa. The dining room was beautifully decorated in the color scheme of pink and white.

On account of W. S. King being obliged to change his date from November 8 to November 15, the called meeting of the Rush County Federation of Clubs will be changed to November 15. At that time the meeting will be held in the basement of the Methodist church as pre-arranged. Dr. King will address the meeting.

The Loyal Women's Class of the Main Street Christian church Sunday school enjoyed a splendid meeting Wednesday afternoon at the home of Mrs. Alva Junkin in East Sixth street. About twenty-five members were present for the meeting and spent the hours in piecing comfort tops. Light refreshments were served by the hostess at the close of the meeting.

Mr. and Mrs. Kenneth Kelso, Mr. and Mrs. William Kelso, Mr. and Mrs. Ted King and family, Mr. and Mrs. Willard King and family, Mr. and Mrs. Lowell Norris and family, Mr. and Mrs. Randall Beck of Rushville, Clayton Dagler and Margaret Zerk and Warren Dagler of Indianapolis motored to Laurel Hall Sunday and enjoyed a pitch-in dinner at the home of Mr. and Mrs. Charles Dagler.

The Band of Workers of the First Presbyterian church were delightfully entertained Wednesday afternoon at the home of Mrs. J. D. Megee in North Harrison street. She was ably assisted by Mrs. J. P. Hogsett and Mrs. Ed Beer. A business meeting was held, during which business of importance was transacted. An informal social period was enjoyed following the business session and the hostesses served delicious refreshments. Mrs. Walter Thomas was a guest at this meeting.

## STUDENTS TO MANAGE SHOW

Purdue Pupils Will Have Horticultural Display November 14-17

Lafayette, Ind., Nov. 6—The fourth annual Purdue Horticultural show will be held November 14 to 17 at the university here, it was announced today.

The show will be managed entirely by students of the university who are specializing in horticulture.

From a small exhibit of apples ten years ago, the show has grown amazingly until now it will require 12,000 feet of floor space, and will include both vegetable and flower classes in addition to the fruit.

Two thousand catalogues and premium lists have been distributed among commercial growers, vocational teachers, county agents, and persons interested in horticulture. In response to invitations, some of the best growers of other states have promised to enter fruit in the show.

Fort Wayne—The October traffic accident toll here was big. There were thirteen accidents with five killed.

## WOMAN AILING FOR A YEAR

Took Lydia E. Pinkham's Vegetable Compound—Happy Results

Newcastle, Pa.—"I was all run-down and everybody thought I was going into a decline. I had been ailing for a year with pains in my right side so that I could hardly stand on my feet. When I walked I felt as if something was falling. I was not able to do any work and had a nurse most of the time. She spoke to me about Lydia E. Pinkham's Vegetable Compound, so I gave it a fair trial. Some women think one bottle should cure them, but I did not stop at that. I took more and got better, and am able ever since to do my own housework. There was a time, when I would complain of not feeling well, that my husband would say, 'Go to the doctor.' But now he will tell me to get a bottle of Lydia E. Pinkham's, and it has always helped me. I have had druggists tell me that they had something better, but they don't tell me that now, for I take no other. I have been taking the Vegetable Compound now for five years. Any woman who cares to call or write, I will be glad to tell her how it helped me."

## Turns Attention TO LEGISLATURE

Program Chairman of Indiana League of Women Voters Sent out The Year's Program

### STRESS LAW ENFORCEMENT

Also Urge Leagues to Study Child-Labor Amendment to National Constitution.

Indianapolis, Ind., Nov. 6—Now that the "Get out the Vote" campaign and other activities of the Indiana League of Women voters incident to the general election are over the League turned its attention today to preparation for the next legislature.

Mrs. Paul J. Meifield, program chairman for the Indiana League has sent out the year's program to the local organization. She called attention to the importance of the approaching session of the legislature.

She recommended that November be devoted to the problem of law enforcement. She stressed particularly of the enforcement of the laws which have been sponsored by the League in the past and the maintenance of the Sheppard-Towner school attendance, and state probation laws intact in the state.

Mrs. Meifield also urged that the local leagues study the Child-labor amendment to the national constitution, which will probably come up for ratification in the legislature. She recommended that committees present the League's program of child welfare to successful candidates for the legislature, and urge their support of legislation in accord with the program.

That Indiana was not alone in conducting a vigorous campaign to bring votes to the polls on election day was evidenced by the fact that the state headquarters of the League here has been flooded with clippings from newspapers published in every state in the Union, recording the progress of the get-out-the vote campaign in the various states and carrying photographs of the local and national officers of the League who have been active at work, it was announced.

Marion, Ohio, Nov. 6—Mrs. Warren G. Harding, ill here at White Oaks farm, appeared to be gaining strength and is now believed to be well past immediate danger, Dr. Carl Sawyer's statement said today. Mrs. Harding rested most of the night after the fatigue of yesterday due to the election.

## WINS MAJORITY IN THE NATION

Continued from Page One  
gus Johnson, another LaFollette adherent, although a farmer-laborite, went down to defeat before a Republican.

In the house the same trend was less followed. Most of the LaFollette adherents maintained their seats but the Republicans gained enough seats from the Democrats to establish indisputable control.

With the returns practically all in, it seems evident that the new senate line up will stand: Republicans 54; Democrats 41; Farmer-labor 1. Necessary for a majority, 49.

### G. O. P. Majorities Climb

Chicago, Nov. 6—Republican majorities climbed steadily as returns from Tuesday's elections trickled in today. President Coolidge also continued to maintain leadership as a vote getter.

Returns from 5,216 out of 5,989 precincts in the state show:  
Coolidge 1,273,418; Davis 496,822; LaFollette 301,163.  
Small 1,146,112; Jones 813,927.  
Deneen 1,122,791; Sprague 628,454.

The balance of the state ticket is riding nearer the presidential vote as there appeared to have been little of the splitting that was done in the gubernatorial and senatorial contests.

Republicans gained two seats in congress and may take another. Congressman Harry T. Rainey, Democrat of Carrollton has a lead of approximately 800 over Gay Shaw, Republican of Beardstown, with a considerable number of precincts still to come in.

### Brookhart Leads in Iowa

Des Moines, Iowa, Nov. 5—Complete unofficial returns from all of the 2,433 precincts in Iowa today gave Senator Smith W. Brookhart a majority of 74 votes over his Democratic opponent, Daniel Steck for the United States senate.

The vote, according to the tabulation by the United Press, was:  
Brookhart 455,394; Steck 455,320.  
In 1922 the vote for Senator was:  
Brookhart 339,751; Clyde Herring, Democrat 227,833.

An official canvass of ballots cast in Tuesday's election probably will be necessary to decide the contest.

### North Dakota Undecided

Fargo, N. D., Nov. 6—With returns from the trans-Missouri section of the state, Non-Partisan territory, cutting down the lead piled up by President Coolidge over Senator LaFollette in the eastern section of North Dakota, both parties today were claiming the electoral votes for their respective candidate.

In 1,571 of the 2,160 precincts of the state the vote stood: Coolidge 79,316; LaFollette 67,363; Davis 13,603.

L. B. Hanna, Coolidge campaign manager, while admitting the president's plurality will be cut down,

claims the state for the Republican candidate by 4,000.  
Arthur G. Sorlie, non-Partisan candidate for governor defeated Halvor Halvorsen, Democrat.

### Magnus Johnson Behind

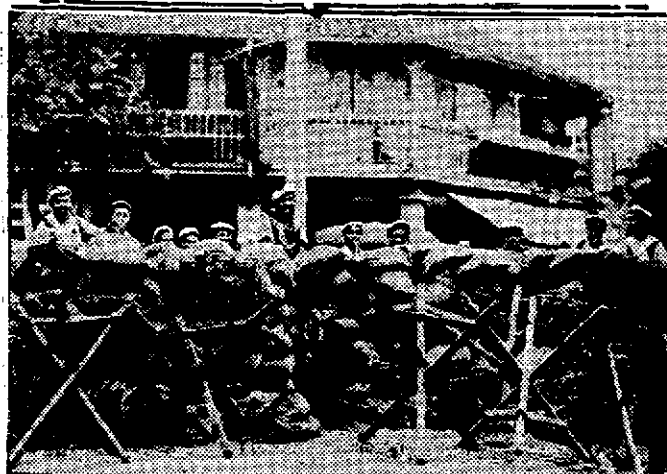

St. Paul, Minn., Nov. 6—Farmer-Laborites and Republicans are running a close race for the United States senatorship from Minnesota. Thomas D. Schall, Republican candidate, was in the lead today by slightly less than 18,000 votes.  
With 777 precincts to hear from the vote for Magnus Johnson, incumbent farmer-laborite, stood at 323,032, and for Schall, 340,919.

Republicans admit Johnson may cut down Schall's lead in the precincts yet to be heard from but claim their candidate election.

Portland—Rudolph Michelow, convicted for automobile theft here told of his adventures in Argentina in which he and a daughter of a wealthy Argentinian planned and executed her alleged kidnapping for \$8,000 ransom.

Garret—Garret celebrated its fiftieth anniversary of its founding with a mass meeting and banqueting.

## Taking No Chances in China

These French marines were not taking any chances while the Chinese were fighting around Shanghai. They erected sandbag fortifications all around the French concession, as shown in the upper picture. The gentleman, in the lower photo, wasn't risking his life either. He is a mandarin seeing the fighting. His one-man diver rides comfortably, and his other servants are carrying his luggage.

## BUSINESS SECTION OF GASTON IS IN FLAMES

Destruction of Main Part of Gaston, Small Town Near Muncie, Is Feared This Afternoon

### FIFTEEN BUILDINGS BURNING

Muncie, Ind., Nov. 6—The town of Gaston near here is burning and it is feared the entire business section will be destroyed. At noon more than fifteen buildings were in flames and firemen from several surrounding cities are unable to make any headway.

The flames broke out in a grocery store and were fanned by a heavy wind. They quickly spread to other nearby buildings despite the efforts of the volunteer firemen. At noon twelve dwellings, two office rooms, a grocery, a barber shop and other buildings were being destroyed.

The loss will run into several thousand of dollars and it is feared that the entire eastern part of the city will be swept away.

The town has no water supply and the departments which answered the call were unable to be of any assistance. The flames have reached such proportions that they cannot be checked it is believed.

Gary—The late fall has resulted in the extension of the season for operation of ore boats between here and points on Lake Superior. The operation has been normal all summer.

Elwood—Charles Innis, 10, received a broken leg while playing blackman at school.

**"Tarnish" at Princess**  
George Fitzmaurice, director of the Samuel Goldwyn production, "Tarnish," which is now playing at the Princess theatre, firmly believes that the American girl has a place in the business world, and that every girl should learn to support herself and be financially independent. But, he states, there is one disadvantage.

"With the indolent and self-indulgent father," claims the director, "the temptation to allow his daughter to shoulder more than her share of the responsibility of supporting the family sometimes becomes too great. He begins to feel that he can ease up in his own work and spend more upon his pleasures."

Such a situation forms the basis of the story of "Tarnish," which, as is well known, was the most successful stage play on Broadway during the past season. The Tevis family consists of father, mother and daughter. And to the daughter, because she is efficient and capable of earning a good salary, falls the brunt of the work of supporting her parents. While this condition is far from universal in real life it is common enough to make "Tarnish" a story of wide appeal and thoroughly convincing.

May McAvoy plays the role of the daughter described above by Mr. Fitzmaurice. Ronald Colman is cast as her sweetheart, and others in the cast include Marie Prevost, Norman Kerry and Harry Myers. "Tarnish" has been decidedly popular with Princess patrons, since its opening and promises to be one of the best liked photoplays of the year.

## NOTICE OF SALE OF REAL ESTATE.

The undersigned Commissioner, by virtue of an order of the Rush Circuit Court, made and entered in a cause therein pending, entitled Marion Owen, et al vs Gertrude Cossell, et al, and numbered 2416 upon the docket thereof, hereby gives notice that at the residence of Lafayette Beck, two miles southwest of Moscow, Orange Township, Indiana, on

Saturday, December 6th, 1924 at two o'clock p. m. of said day he will offer for sale at private sale and at not less than the full appraised value thereof, the following described real estate, to-wit:

Beginning at the southeast corner of the west half of the northwest quarter of section thirty (30) in township (12) north, range nine (9) east, thence north one hundred sixty-two (162) rods, four (4) links to the northeast corner of said half quarter section; thence west forty-seven (47) rods and three (3) links; thence south one hundred sixty-two (162) rods, four (4) links to the south line of the said quarter section; thence east forty-seven (47) rods, three (3) links, to the place of beginning, containing forty-seven (47) acres and one hundred (100) rods.

Also, a part of the northeast quarter of section thirty (30), township twelve (12) north, range nine (9) east, commencing at a stone which is eleven (11) rods west from the southeast corner of said quarter section; thence north one hundred sixty-two (162) rods and six (6) links to a stone on the north line of said quarter section; thence east one hundred (100) rods and forty (40) links to a stone, thence south one hundred sixty-two (162) rods and six (6) links to a stone on the south line of said quarter section; thence east one hundred (100) rods and forty (40) links to the place of beginning, containing one hundred four (104) rods.

All situate in Rush County, Indiana. This land is divided into two tracts of forty-seven (47) acres and one hundred (100) rods, and is fertile land and all under cultivation and either would make a very desirable farm.

TERMS OF SALE: One half of purchase money cash, and remainder due in one year. Purchaser to execute his note bearing six per cent (6%) interest from date and secured by a first mortgage upon the real estate sold. Purchaser has the privilege of paying all cash.

LAFAYETTE BECK, Commissioner.

### This Teacher Used an "Electric Chair"

H. T. Gresham, science instructor in the Barnesville (Minn.) High School, had his own ideas about maintaining classroom discipline. He got a common office chair and equipped it with Tesla coil. It was so arranged that no spark would cause a severe shock to a boy strapped in it. The punishment was intended to cause almost entirely of mental suspense. But one pupil, Earl Tenneson, claims one leg was slightly burned. As a result, Gresham was arrested on an assault charge. The chair is shown in the above picture and an artist has painted in an imaginary subject.

#### HAVE COLOR IN CHEEKS

**Be Better Looking—Take Olive Tablets**

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

The American Riviera

Commissioned by Louis L. J. to find a new world colony, Hiram, with his brother Hiram, crossed the sea and dropped anchor in what is now Biloxi Bay. Settlements were created and the Hot Springs of Biloxi, Ponce de Leon Springs, Ocean Springs, Biloxi, Gulfport, Pass Christian, Bay St. Louis and New Orleans.

**BERVILLE** explored the Gulf Coast from New Orleans to Pensacola on frigates and barges. You, from the cold North, discover its sunny comfort and its romantic old-world interest, on the excellent through trains of the Louisville and Nashville Railroad, including the de luxe all-steel limited, *The Pan-American*.

Climate and sports, sunshine and rest; surfaced roads skirting the tree-fringed Gulf shore; modern hotels and hospitable people; low round-trip fares and uniformly moderate costs give charm and logic to the Gulf Coast as your winter vacation place. Let the undesignated give you further and complete information. Ask or write for illustrated booklets.

It takes only a day and night to reach the Gulf Coast over the L. & N. Its fast through trains, the Pan-American and New Orleans Limited, are operated daily between Cincinnati and Louisville and New Orleans.

## So-Called Nervous Dyspepsia

### Chiropractic Health Talk No. 90

By H. V. McCully, D. C., Ph. C.

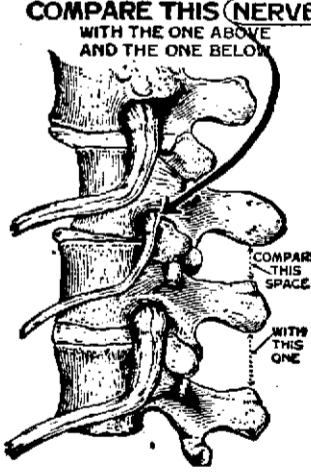

This is a condition of the stomach in which there is an alteration in the quantity or quality of the gastric juice and is accompanied by nervousness.

As a rule the onset is gradual and starts with distress in the region of the stomach, eructations of gas, pyrosis (heart burn), palpitation of the heart, constipation and coated tongue.

There may be severe stomach pains which in some cases are relieved by eating. There may be numbness of the extremities, coldness of the skin, flushes of the face and neck, and occasionally hiccup.

In some cases mental symptoms develop, such as: fear of being alone, mental depression, worry over trivial matters, etc.

If allowed to run on the outlook is not good but our Chiropractic Adjustments remove the pressure on the nerves leading to the stomach. The flow of gastric juice becomes normal, digestion is restored and all symptoms disappear.

### Things to Know Before Baby Comes

YOU may learn the probable date of baby's birth. What you should have and what baby will need. These and many other important things are fully explained in a wonderful booklet sent free to all expectant mothers.

This booklet also tells when and how to use "Mother's Friend"—the much talked about rubbing preparation which relaxes the muscles and prepares the way for a comfortable period during expectancy and for a more natural delivery at childbirth. "I think 'Mother's Friend' saved my life," wrote one enthusiastic mother. "I was sick not over fifteen minutes," declared another. You will find these signed letters, and many more, in the booklet which you will receive.

"Mother's Friend" has been used by three generations of expectant mothers. Get a bottle today and experience the wonderful effect. "Mother's Friend" will give you!

**FREE BOOKLET**  
Write Bradford Regulator Co., Dept. P-4, Atlanta, Ga., for free booklet (sent in plain envelope). Full directions for using "Mother's Friend" will be found with each bottle. "Mother's Friend" is on sale at all drug stores.
